

HARRIMAN HAS DONE MUCH FOR PACIFIC COAST.

Large Improvements Being Made by Southern Pacific Company—Faster Time.

SAN FRANCISCO, July 2.—During his recent visit to California, President Harriman planned improvements and innovations of his Southern Pacific system. One of these was the shortening of time between this city and Portland and improvements to that end are now going on. Traffic officials believe that the time may be cut down half a day and the distance covered in twenty-four hours. On the Northern Mountain Division, preparations are being made for a faster schedule. Reconstruction is progressing rapidly. Curves are being reduced and grades done away with wherever possible. Heavier rails are being laid and the company is now receiving shipments on an order for 25,000 tons of 50-pound

UNCLE SAM HAS STRONG HOLD IN CUBA.

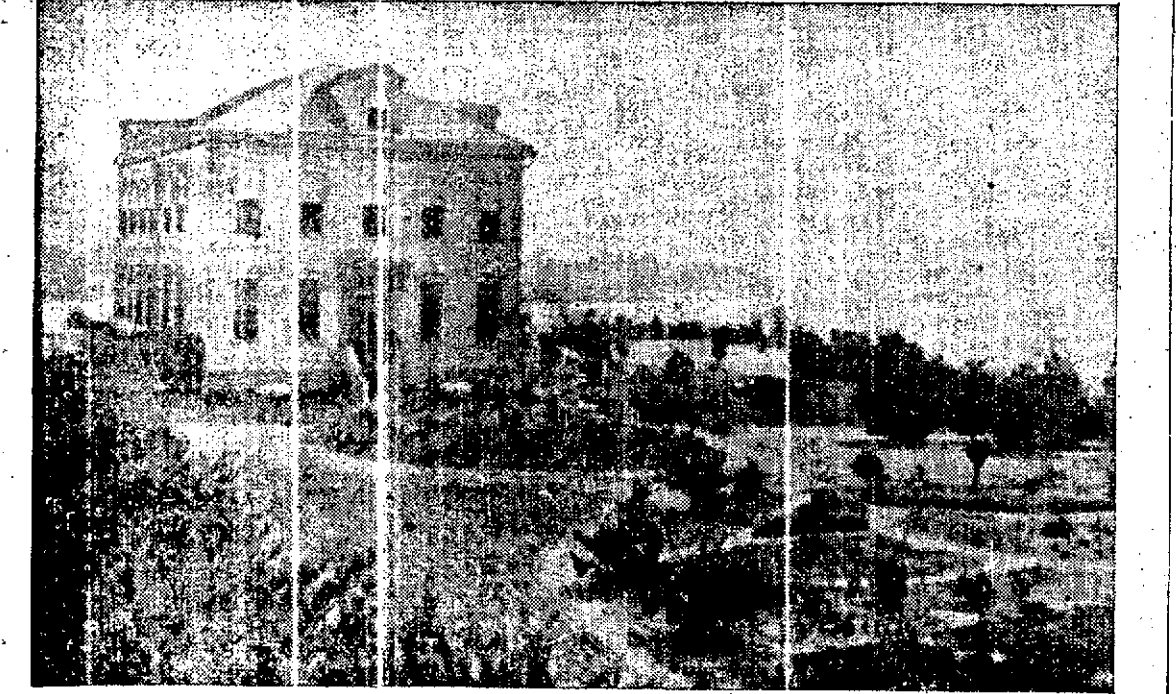

Treaties are Signed and Rights of Americans are Safeguarded in Every Case.

HAVANA, July 2.—The two treaties, which are the last of the six between the United States and Cuba, were subscribed in duplicate form at the Secretary of State's office. The signers were Minister Squier, Senator Garcia Montes, Secretary of the Treasury and acting Secretary of State in Senator Zald's absence. The others present were Senator Pavia, Assistant Secretary of State; Senator Diego, Chief of the Department of Justice; the legation secretaries and Mr. Squier's oldest son. The Isle of Pines treaty was signed last. While turning over the island to the absolute sovereignty of Cuba, the treaty safeguards the rights and privileges of the American residents on the island as though they were on American territory. Property, judicial and educational rights are especially guaranteed as well as the conveniences for reference to and registration of property and other building business. It is pointed

The above is a picture of the original building, in the center of structures now composing the Convent and Academy of the Sacred Heart, in this city. It was erected by Rev. Michael King, pastor of the Church of St. Mary, whose jubilee, in the priesthood, which is to be celebrated July 15, was today anticipated by festive exercises, by tutors and alumni of the convent and academy, which the reverend gentleman founded. A report of the festival appears in this issue of the TRIBUNE.

WATERBOY WON THE SUBURBAN

Makes New Record on the Fast Track at Sheepshead.

Irish Lad Was Second and Goldsmith Third in Race.

NEW YORK, July 2.—Waterboy won the Suburban Renewal at Sheepshead Bay. Irish Lad was second and Goldsmith third. Time 2:04 3-5.

Blues led at the start with Major Daingerfield right after him and Irish Lad next.

Waterboy was fourth.

At the quarter Blues still led with Irish Lad second and Waterboy third.

At the half and three-quarters, the positions were the same, but at the mile Irish Lad was ahead with Waterboy second and Goldsmith third.

Coming into the stretch, Waterboy led by a length, Irish Lad second by a length and Goldsmith five lengths ahead of Blues.

Waterboy won by a length, Irish Lad second and Goldsmith third. The time, 2:04 3-5, made a new record for the track.

FAST TRACK.

NEW YORK, July 2.—Early today good weather and a fast track appeared to be

certainities for the running of the Suburban renewal this afternoon at Sheepshead Bay and an unusually interesting race was looked for. The only thing lacking to make the race all that could be desired was the presence of Afrikander, the winning of the Suburban, who defeated Irish Lad at Sheepshead Bay and another meeting of the two would have made an exciting contest. The probable starters and their weights are:

W. C. Whitney's Goldsmith, 118; Frank Farrell's Blues, 123; Duryea & Whitney's Irish Lad, 115; W. B. Leeds' Major Daingerfield, 123; J. B. Haggin's Waterboy, 112; Alexander Shield's Hunter Raine, 97; and Andy Williams, 100; J. E. Madden's Citybank, 102; Turner Brothers' Glenwater, 103; G. F. Johnson's Bonbert, 115; W. C. Rollins' Herbert, 113; F. G. Gebhart's His Eminence, 105.

The race is worth \$13,500 to the winner.

Goldsmith was the favorite in the early betting at 2 to 1, with Irish Lad second, at 3 to 1.

WHAT WILL THE CZAR CONGRESSMAN SAY?

Much Speculation as to Whether he Will Receive the Jewish Petition.

WASHINGTON, July 2.—Acting Secretary of State Loomis has been notified that the petition in behalf of the Russian Jews will probably be delivered at the State Department or at Oyster Bay in about a week. Without delay and immediately upon receipt of the petition by the United States Government, it will be dispatched to Mr. Riddle, United States Charge at St. Petersburg. It will be accompanied by a note of transmittal, instructing Mr. Riddle exactly what disposition to make of the petition, for there is no intention here to place any undue responsibility on the charge in this matter. The Department does not at present expect to publish that note, so that its nature is a matter of speculation, the weight of opinion being that Mr. Riddle will be instructed to inquire of the Russian Government if it is willing to receive a petition, the nature of which will plainly be indicated by him. If there is a negative response, Mr. Riddle will notify the State Department and that will probably end the efforts of the Department in regard to the petition. The President, through Secretary Hay, informed his Jewish callers that he could not tell what reception the petition would meet with at the hands of the Russian Government and should the petition fail of reception after Mr. Riddle's efforts, it would solve the President from further pursuit of the matter.

THE OLD RELIABLE ROYAL BAKING POWDER Absolutely Pure THERE IS NO SUBSTITUTE

SAYS HE DID NOT VIOLATE LAW.

Declares He Did Not Use His Office for Profit—Officials Will Make a Full Investigation.

GLOVERSVILLE, N. Y., July 2.—Congressman L. C. Littauer, commenting upon criticism of him in connection with a glove contract between the government and Edmund R. Lyon, in which the firm of Littauer Brothers, composed of himself and his brother, Eugene, was indirectly involved, says: "Edmund R. Lyon was for many years a successful bidder on United States army contracts for muskrat fur caps and muskrat fur gauntlet gloves. When we succeeded to the business of my father twenty years ago, we continued to receive Lyon's orders to manufacture such gauntlets, which had been made by my father and did so until Lyons' defalcation and bankruptcy. "About the time of the war with Spain, the United States army adopted for a part of its equipment a buckskin gauntlet. Standard samples and first goods made in accordance therewith were manufactured by the firm of Daniel Hayes & Co., of Gloversville. "Mr. Lyon entered into negotiations with our firm for the manufacture for him of buckskin gauntlets, stating that he was a general contractor for such articles and asked us the price at which we would furnish him gauntlets, according to the United States standard requirements. We gave him the price. Whenever he succeeded in getting a contract at such prices, as he would determine, he placed orders with our firm to manufacture these gauntlets, giving instructions to ship them to the arsenal at Philadelphia. In course of time the orders were filled and bills for shipments made were delivered to Lyon at the prices agreed upon. "Our firm had no interest in those contracts. We simply sold our goods to Lyon. We entered into no contract whatever with him prior to the receipt of the various contracts by him. "We have been well aware that the United States army authorities knew that we were the manufacturers of these gauntlets, which we sold to Lyon to be

delivered to the quartermaster's department for at one time during the Spanish war, when supplies were most needed an inspector from the quartermaster's department visited our factory and took full note of our stock of leather and our abilities to produce the gauntlets, which we had sold to Lyon and Lyon had sold to the government. "I have ever insisted that Lyon should not be permitted to be discharged as a bankrupt and have courted all possible publicity concerning our transactions." INQUIRY ORDERED.

WASHINGTON, July 2.—Secretary Root had a conference with General Humphrey, quartermaster general, and Colonel Patton, who has charge of the clothing supplies for the army, regarding the contracts for gloves with E. R. Lyon, who, it is claimed, obtained his supply of gloves from the firm of which Representative Littauer is a member. The Secretary has directed that an inquiry be made into the whole subject, with a view to ascertaining whether any officer made contracts in violation of the statutes and for such other information as may be obtained.

WHAT LUDINGTON SAYS. SYRACUSE, N. Y., July 2.—General Marshall L. P. Ludington, retired, said today regarding the government contract with E. R. Lyon in which the name of Congressman Littauer has been mentioned: "The transactions occurred during the busiest part of the war when I was loaded down with work. The bids were opened in my office and awarded to the lowest bidder, except in cases where it was necessary that the Chinese goods should be delivered immediately. I had known Lyon as a government contractor. Littauer I knew also as a very pleasant and agreeable gentleman. I knew, as did everyone in Washington, that he was a manufacturer of gloves, but I never knew that he was interested with Mr. Lyon in business or that he had any business connection with him." General Ludington further said that Mr. Littauer never called upon him concerning any glove contract.

LABOR LEADERS SENTENCED TO PRISON

TO GO TO JAIL AND TWO FINED FOR CONTEMPT OF COURT.

CHICAGO, July 2.—Jail sentences have been imposed on two union labor leaders by Judge Jesse Holdom and two others are required to pay heavy fines. The men were adjudged in contempt of court for failure to respect the injunction restraining them from interfering with the business of the Kellogg Switchboard & Supply Company.

Arthur A. Hopkins, business agent of the Brass Moulders' Union, was sent to the County Jail for three months, and with him went William Lynch, to serve thirty days. John O'Brien and Thomas Queenan were fined \$100 each. The court gave eleven women strikers until July 26 to prove by their conduct that there will be no further violations of the injunction on their part. Lynch and Hopkins spent the night in jail, Judge Holdom refusing to grant them an appeal.

## S. P. COMPANY MAY HAVE TO PAY TAX.

ASSESSMENT ROLL ON BOTH  
SIDES OF BAY INCREASED  
BY \$2,000,000.

The County Assessors of Alameda and San Francisco Counties are expected to increase the assessment rolls on both sides of the bay by \$2,000,000 at the expense of the Southern Pacific Railroad. Recently it was learned that only the properties of the railroad to the water front had been taxed and that the franchise for the bay traffic escaped taxation. The discovery led to action being taken by County Assessor Wash-

ington Dodge of San Francisco and County Assessor Dalton who immediately served notice upon the Southern Pacific Railroad officials that they would be expected to pay a tax on an assessed valuation of \$2,000,000 for their bay franchise to be divided between the two counties. Dalton's notice was to the effect that the money would be expected to be paid by tomorrow evening.

In an interview for the TRIBUNE yesterday, Assessor Dalton stated that some of the heaviest assessments were yet to come in and this extra \$1,000,000 is expected to raise the increased assessment over last year from \$5,000,000 to \$6,000,000. The action of the assessors in this matter has raised a protest from the railroad and Attorney John E. Foulds Chief Counsel W. F. Herrin's assistant, is advising the railroad officials in the premises. According to the advice he is giving them both the assessment and the tax are illegal and cannot be enforced.

"The freight and passenger ferry services," said Mr. Foulds yesterday, "are not operated under any franchises of their own. There are no such franchises in existence and you cannot assess and tax anything that does not exist. The broad-gauge passenger ferry boats, Broadway or creek boats, and the Peralta street freight boats are part of the railroad and are operated under the Central Pacific Railroad's

franchise. The narrow-gauge boats are operated under the franchise of the South Pacific Coast Railroad. These two railroad franchises are assessed annually by the State Board of Equalization. No other authority in the State can assess those franchises. This is why I say that the proposed new assessment and tax made by Messrs. Dalton and Dodge are contrary to law."

In contradicting this statement this morning Assessor Dalton read section 3643 of the revenue laws of California, which contains extracts from decisions of the Supreme Court and read as follows:

"The steamers used by the Central Pacific Railroad Company in transporting its freight cars across the bay of San Francisco are not included in the property defined by the tenth section of article XIII of the State Constitution, the franchise, roadbed, rails and rolling stock of the railroads operated in more than one county in the State and should be assessed by the local assessors, not by the State Board of Equalization. (City and County of San Francisco vs. Central Pacific Railroad Company, 63 Cal. 467.)"

"Some time ago Assessor Washington Dodge of San Francisco, county and myself thoroughly investigated the matter, which properly comes under the jurisdiction of the State Board of Equalization, and learned that the company had never been assessed fur-

## WILL HUSH IS MARRIED ON QUIET.

YOUNG MAN DID NOT INVITE HIS  
PARENTS TO WED-  
DING.

William W. Hush, son of Mr. and Mrs. Valentine Hush of Fruitvale, was secretly married last night to Miss Julia N. Talbot, daughter of V. H. Talbot, residing at Jackson and Scott streets.

The announcement of the engagement in the press yesterday came as a great surprise to the Hush family, who declare they have not the slightest acquaintance with the bride.

In the announcement of the engagement, the bride-to-be was spoken of as a charming and talented young lady possessed of rare musical ability. It also stated that she had received many flattering offers to take up a professional career, but had declined them all because of parental objection. It further declared that the wedding was to take place in August or September, to be followed by a tour abroad. The groom's parents believe this was purposely done to mislead them in the announced time for the event.

Late last evening, Mr. Hush applied at the office of Deputy County Clerk H. E. Magill for a marriage license for Miss Talbot and himself. The couple then went to the parlors of the First Presbyterian Church, where the Rev. John Rich united them in marriage.

The arrangements for the wedding were made by Whipple S. Hall, a prominent member of society circles and an intimate friend of the groom. Hall called upon Earl S. Bingham, superintendent of the First Presbyterian Church, Sunday School, and asked permission to use that edifice for the ceremony. This was granted, but he was informed that the regular pastor was out of the city. He made inquiry concerning others, and Rev. Rich, who has retired from the ministry and who resides at Tenth and Alameda streets, was recommended to him. Immediately after the ceremony the bride and groom took a boat for San Francisco.

The Hushes are leaders in society circles on both sides of the bay, and Etienne, the family home, is a social center. The family is connected by marriage with the prominent McLaughlin family of San Francisco. William Hush is a brother of Mrs. Thomas Magee, Mrs. William Magee of San Francisco, Mrs. Frank Richardson Wells of Vermont and Miss Florence Hush of Fruitvale.

ther than the end of the Oakland pier and the ferry building in San Francisco. We then estimated the value of the bay franchise at \$2,000,000, one-half the taxes of which belong to Alameda county, as is provided in cases where two counties are connected by a steamer line. This assessment does not include the valuation of the ferries.

"This week I served the Southern Pacific Company with a notice of assessment on \$1,000,000, which sum represents one-half the valuation of the company's property in San Francisco. It is only recently learned that the Southern Pacific Company has a bay franchise between the Oakland pier to the ferry building in San Francisco. It is only recently learned that the Southern Pacific Company has a bay franchise between the Oakland pier to the ferry building in San Francisco. It is only recently learned that the Southern Pacific Company has a bay franchise between the Oakland pier to the ferry building in San Francisco.

"I have not yet decided what action I shall take to enforce the payment of the taxes of the franchise, in case the money is not paid before next Monday, but I will probably act in conjunction with Mr. Dodge. If he seizes the ferry boats, I shall certainly do the same. It may be, however, that I will simply make the taxes a lien on the real property of the company, extending inland. There is no mention of the franchise for operating boats between San Francisco and Oakland. According to the assessments made by Assessors Dalton and Dodge the railroad company will have to pay about \$35,000 for its ferry franchises.

"The total of the new assessment for the two counties is \$2,100,000, or \$1,050,000 for each. The total assessment is made up as follows: Franchise of the broad gauge passenger ferry service, \$1,500,000; franchise of the Broadway or creek route ferry service, \$500,000; franchise of the Peralta street or freight ferry service, \$50,000; franchise of the narrow gauge passenger ferry service, \$50,000."

## HOUSE ROBBERY LAST NIGHT.

While A. Mathieson and family were absent at the street fair last night, their residence at 808 Third street was entered by a thief, who made his way in through an open window. When the family returned they discovered that the house had been thoroughly ransacked from top to bottom and wearing apparel to the amount of \$25, taken in a telephone basket. The police have been notified.

## BERLIN'S DISGRACE.

A curious state of affairs has been revealed by the suicide of the pastor of a prominent church in Berlin, the Berliner Nazareth. This holy man appears literally to have stolen the liver of heaven to serve the devil in; but the most astounding feature of his career is that he continued so long in his evil career without detection.

The immediate cause of his suicide was the fear of his entanglement of church funds being detected, but speculation seems to have been the smallest of his offenses. Not only was he a man steeped in vice himself, but he used his holy office to gratify the vices of others for gain. In other words, this teacher of righteousness and virtue was both a libertine and a pander. He made the cloth of his sacred calling mantle the commerce of the procurer.

Investigation after his death disclosed the fact that he literally dealt in young girls whom he delivered into the hands of the Berlin "jeunesse doree" for immoral purposes. The police ferreted out many of his customers, but the details of the dreadful traffic conducted under the shelter of the pulpit have been suppressed because of the scandal in which many wealthy and noble families will be involved—should a complete exposure be made. So the crimes of the preacher Granzin have been buried as far as is possible in the grave of the wretch who participated in them.

But the strangest thing about the affair is the statement contained in the dispatches to the effect that "prominent clergymen in Berlin are feeling very uneasy about the investigation ordered by the Bishop to look into the private life of every minister occupying a pulpit in the city." Why should ministers feel uneasy over an examination into their lives? It is extraordinary that such an investigation should be deemed necessary, but having once been ordered, it is more extraordinary still that it should cause uneasiness? It carries a sinister suggestion. Are there more Granzins occupying pulpits in Berlin? Are the vices and corruptions of a material and luxurious age invading the very sanctuary of religion? Even the callous man of the world will fervently hope not. Ordinary sinners will read of the crimes of Granzin with loathing and disgust. A torpid conscience even is aroused to revolt at such mingled villainy and sacrifice.

But what must one think of the golden youth of the German capital who employed the peculiar offices of this satyr in the pulpit? They are full of partners in his villainy. Yet they are allowed to go free even of the moral punishment of exposure. They are protected in their crimes against youth and innocence. All the blame is cast upon their miserable agent, while they are left at liberty to continue their evil courses and to engage other agents to minister to their vile appetites.

The Democratic editors are addicted to a sophistry that is amusing if nothing else. It crops out noticeably in the advice they proffer the President as to dealing with the Postoffice scandal. They say he can only prove his good faith and clear the skirts of his administration by doing something that would be foolish and unjust. This is not strange, however, in view of the fact that Democratic editors have never been able to properly advise their friends, let alone their enemies.

A Philadelphia paper says "Grover Cleveland is still the biggest man in his party." He still weighs over three hundred pounds, and that was Charles A. Dana's standard for a good man.

## IOWA STANDS PAT.

The Iowa Republicans in convention assembled have resolved to stand pat for protection and prosperity and against the trusts.

They are right. They have shown themselves in accord with the Republican party of the nation and with those principles which have made this Republic the most prosperous country on earth.

In standing pat the Iowans stand by the President. That also is well. It shows that the Republican party is united, harmonious and animated by confidence in the tenets of its ancient faith.

Governor Cummins was renominated, but he was not permitted to amend the Republican creed. What has been termed the "Iowa Idea" had to take a back seat. It is only a crude idea at best, expressive of a policy of local application only, and confounding the fundamental principles of tariff policy with the percentages of duties on imports. The platform may be summed up in three sentences:

We reaffirm our fidelity to the policy of protection.

We are opposed to trusts and monopolies.

We endorse the administration of President Roosevelt.

## POLITICS IN GERMANY.

The forces of radicalism have not materially increased their strength in the Reichstag through the heavy vote polled by the Social Democrats in the recent election. The Socialists increased their poll nearly a million votes and gained thirty-three seats, bringing their voting strength in the Reichstag up to eighty-two. But their gains were made mostly at the expense of the two radical sections. The strength of the Conservative section has been practically untouched, although the National Liberals and the agrarians have been weakened somewhat.

Nevertheless the result of the elections indicates the working of potent forces in the German electorate. The Center or Catholic party comes out the strongest individual factor in the Reichstag. On the other hand, the Socialists constitute the next strongest individual factor. Thus the Catholic Church is more than ever the bulwark of conservatism in Germany while the tendency of the working classes toward a more radical democracy is more than ever pronounced.

When we survey the situation we see that the Kaiser and his policy are more than ever threatened by the Socialists. The Emperor's dependence on the good will of the clerical party is therefore peculiarly great, for the Socialistic forces muster strongest in the Protestant districts of the empire. They have swept the platter clean in the Protestant Kingdom of Saxony, the very citadel of Lutheranism.

Of the 397 members of the Reichstag 102 are Centerists and 82 Social Democrats. Twenty or thirty more members from Poland, Alsace and Lorraine are amenable to church influences. Hence the Kaiser cannot carry out any of his measures without the consent of the Vatican, which is exerting its influence to a greater degree than ever in German politics. Whether this is due to the fact that the Socialists are arrayed against the church as well as the crown it is hard to say, although the Red Democrats have been equally hostile to both.

Lately, however, a new note has been sounded by some of the Socialist leaders, indicative of a change of attitude toward the church. The Catholic Church was not assailed during the late campaign as formerly, and several of the prominent Socialists went so far as to protest against the Social Democracy being identified with atheism and defiance of the wholesome restraints of religion. This may be policy or it may mean conviction, but in any event it has a significance. Clearly the Socialists cannot bend the imperial power till they can break the alliance existing between the Pope and the Kaiser.

## FLAUNTING PHILANTHROPY.

A new complaint is brought against the very rich of New York City. It is now alleged that they are pauperizing an immense body of the poor of the metropolis by a system of charity condescending that is destroying self-respecting independence as well as discouraging habits of thrift and industry. A writer in the Philadelphia Evening Post says it is a fad of the very rich to give alms as an evidence of kindness and humane sentiments. The wives and daughters of nearly all the very rich families have their circles of charity. Fault is not found with the giving so much as the manner of the giving. It is alleged that the result is hurtful instead of helpful. The objects of this form of charity are injured a great deal more than they are helped by largesse of this description, which affords no permanent relief from conditions which press upon subsistence and the means of obtaining a livelihood. The charge is that it creates a permanently pauper class having no ambition or sense of personal responsibility.

This is the view of charity held by such eminent economists as John Stuart Mill and Herbert Spencer, who regard mere alms-giving as tending directly to the opposite of elevating the masses. Charity, it may be remarked, does not mean relief for some immediate and acute distress caused by sudden disaster of a peculiar character, but giving to people who are merely poor and in want from any cause whatever. Andrew Carnegie's objection to giving in so-called charity is based upon his conviction that it tends to pauperize and degrade the recipients, and in the end to increase dependence and the sum of human misery.

But the chief criticism directed at the charity of the over-rich of the metropolis is that it is inspired by a really laudable motive. The giving means little, for the givers have more money than they know what to do with, and do the charity act to be in the fashion, just as they play golf or do the cake-walk. They keep their poor for their own glory and gratification, precisely as they keep their horses and dogs. They are not actuated by genuine sympathy or benevolence, but by vanity and self-love; they like to feed the poor that the poor may be duty grateful and mindful of the generosity of the rich. Perhaps this is a harsh view of the

charities of the ultra-rich, but it nevertheless pretty nearly presents a truthful picture. Mere giving does not always proceed from true charity, and genuine benevolence seeks no glory from giving from over-abundance; but it must not be assumed that all the rich are actuated by groveling motives or that they do not give with discrimination. On the contrary, many of the rich people in the large cities are continually investigating and relieving cases of distress in a most unobtrusive manner. They use tact and judgment as well as liberality, and do a great deal in the way of assisting the poor, and friendless to obtain employment and otherwise fit themselves for the battle of life. Men of this stamp are true philanthropists, and they do a vast amount of good in the world. What passes for charity among the idle, vain and ostentatious rich is base coin and corrupts all who have a share in it.

The "stage Irishman" promises to raise a stink in Sacramento. A number of loyal sons of the "Old Sod" have solemnly resolved to suppress the next, one that comes along with a fusillade of rotten eggs. One indignant patriot said "the stage Irishman is an insult to the Irish race that can only be wiped out with rotten eggs!" The remedy will be harder to wipe up than the insult. But wiping out insults is putting eggs to a new use. As arguments they have generally proved stale and always ineffective and there will be some curiosity as to how they will operate as a wipe-out. However, we talk of wiping out insults in blood; why not with eggs? Evidently the loyal sons of Erin in Sacramento intend to make the offense of the stage Irishman smell to heaven if it does not now.

No, my son, oiled roads are not made on the same principle that political paths are greased.

The uncovering of so many private snaps in the Postoffice Department rather contradicts the popular impression that the postal service is a public utility.

The Constitution is all right in some respects, but when it comes to sailing the salty seas we have to pin our faith on another Reliance.

The great victory achieved in Somalia by the British appears to have been won by the Abyssinians. Correspondents of the British newspapers chronicled the fact, and somehow gave out the impression that it was the British that had thrashed the Mad Mullah.

Some of the Southern papers appear to think they burned that "nigger" in Delaware just because Rev. Newton Dwight Hillis offered to make up Booker Washington's bed. Wonder what they think would have happened if Dr. Hillis had actually made up the bed for Tuskegee's president.

HOW MRS. LANGTRY KEEPS YOUNG. Mrs. Langtry has succumbed to the importunities of the interviewer, and has given the following simple rules as forming the secret of her perpetual youth:

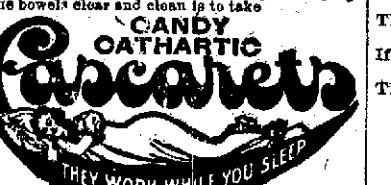

Phase of mind.  
Phase of conscience.  
Eight hours of sleep every night.  
Water, never, except in aerated form.  
Like breakfast, consisting of fresh fruit, such as pineapple, oranges, baked apples, grapes. Tea. Bread only in toast form.  
Heaviest meal of the day at 5 o'clock in the afternoon. This meal should consist of either broiled chicken, thick broiled beefsteak, juicy roast beef, Southdown mutton, very little coffee, very little butter, and some light burdock, usually diluted with carbonated water; no pastry.  
Very light supper after the performance at night, and immediately afterward to bed.  
Three or four baths a day.  
A walk in the open air every day, no matter what the weather is, lasting from thirty minutes to an hour.  
Three or four months' complete rest every summer.  
No cosmetics, except on the stage.  
No bother with anything which other persons can be hired to do.

## THE SEVEN AGES OF WOMAN.

At the first the maiden Skipping the tops and nursing dolls, Or climbing trees and sitting staidly On top of fences. Sticking out her tongue.

And making ugly faces at the boys Who stop to tease her. Then the graduate of the school of life.

Arrayed in fluffy stuff and looking sweet And innocent despite her big, long words. She thinks show forth her knowledge. Next the bridemaid.

With flowers in her hand, and full of hope As with the handsome usher proudly she Moves down the aisle behind the one who leads.

With clinging confidence upon the groom. Fourth stage, herself a bride. With eyes downcast. She leans upon her staid father's arm And wonders why he is not like a girl.

Like John. She sees or mother drenches in tears. And cries a little bit herself, maybe. But proudly notes that all the town is there.

So radiant, she passes from the scene. Then the young mother, bending down To count each several eyelash resting on the cheek.

The tiny cheek; her heart so full Of love and joy that a happy day She bubbles incoherently and dreams. At night, of troops of angels and can't grow stout.

Next, the mother-in-law, weeping copiously While John, so slim and knightly once, grows stout.

And awkward, fudges down the lengthy Grim-visaged with their daughter. There she sits. And, with sinking heart, gives up her child.

Knows that the man can't be half good enough To merit the sweet treasure he receives. And blubbers so she cannot hear the words.

That once, as falling on her willing ears. Were so delicious. Just some of all. The grandchild, fondly dandling up and down.

The growing little one. Half deaf with joy Stewing the catnip tea and giving forth A thousand lessons from her own experience.

Jealous of every touch and each caress That careless, bold in ruders would bestow. Talks, but talk and thinks it understands.

In second-childishness she coos and croons. Sams common sense, sams everything, but love.

God's First Temples. The hills above my cottage throng With faithful friends of mine—Elms, oaks and maples, straight and strong; The sycamore and pine.

Among these friends I love to roam—Companions boon are they. They always make me feel at home—And drive my cares away.

Their brave arms above me bend—Their leaves deflect the heat. As here my weary footsteps wind—Far from the sordid street.

Beneath their cool, sequestered shade—A coronal of leaves, I watch the dawning twilight fade—In dreams that fancy weaves.

Their vibrant boughs—melodious lyres, Attuned to voice his praise, Earth's rapt acclian, primal choirs—That chime aerial lays!

The groves are God's true temples, still—Where man communes apart; To learn the loving Father's will While close to Nature's heart.

"I'm glad to see that you respect your parents, Elmer," said the minister. "I've just got to do it," replied the little fellow. "Why, either of them could lick me with one hand."

"Mamma," said little Elmer, "you mustn't wash my neck any more." "Why not, dear?" asked his mother. "Cause our Sunday school teacher said all little boys were made of dust, and if I got wet I'm afraid I will be mud," replied he.

## Ready for the Fourth?

There is to be a grand celebration of the great day on Saturday. Our city will present an unprecedented picture of jubilation and brilliancy. Everybody will be attired in their brightest garments—and that includes you. It is too late now to talk of making a Summer dress or waist for the occasion—but PERHAPS IT'S

### A Nice Silk Waist?

Every Silk Waist in the house has been reduced in price.

### Bright Ribbons?

If there be any good ribbon, in any color that is not here, we don't know it.

### Children's Dresses?

Here is one of the most sensible stocks you ever looked through.

### Children's Hats?

We would refer today to the canvas hats that are stylish yet inexpensive and very serviceable.

### A Colored or White Waist?

There are hundreds of stylish Waists here at right prices.

### Fancy Neckwear?

The new washable neckwear, especially offers you a very wide choice.

### Crash Skirts?

And other washable kinds in great abundance—the anti-fire-works kind.

### A Summer Corset?

You can choose here from many styles of new shapes in ventilated corsets that give the greatest amount of comfort.

## ANOTHER GUSHER AT SANTA MARIA.

### Throws Rocks Two Hundred Feet Into the Air.

#### Oil Has Already Been Ejected Fifty Feet Above the Derrick.

SANTA MARIA, Cal., July 2.—The gusher on the Pinal property spouted forth again yesterday, after having been removed from the pipes, and threw rocks to the height of 200 feet. The gully, which is about twenty-two feet deep, five feet wide and half a mile long, was filled before the well could be capped. Experts say this well would be a continuous gusher if it did not become clogged occasionally with sand. Another gusher, the second in this section, has developed in the Careaga rancho. Oil has been ejected fifty feet above the derrick.

## HOT WIND AND TEMPERATURE 92.

The heat today attained to 92 degrees in the shade. It was not, as some people supposed, the hottest day of the season, because only a few days ago the mercury climbed to 97 degrees. The impression of excessive heat was occasioned by a lively breeze from the north which was decidedly warm, the warmth having been occasioned by the breeze passing over a vast area of super-heated country. The effect of this heat will be to quicken the growth of crops, without injuring them. Observers Sanborn says that nothing could injure the crops now save a heavy storm of rain and he does not anticipate any such unusual disturbance at this time. E. M. Sanborn, the florist and observer, and his daughter are about to leave for two weeks' pleasure in the mountains at Shasta.

## APRICOT CROP IS RIPENING.

SAN JOSE, July 2.—The apricot crop in this valley is beginning to ripen. Not a large crop to begin with, it will be even smaller than was expected, for the reason that the fruit is prematurely falling. Reports from all sections of the valley are to the effect that this dropping is the most serious in the history of the local industry. Peaches also are dropping, but not so generally or seriously. The cause has not yet been definitely determined.

## AMERICANS ARE TO THE FRONT

ROME, July 2.—Signor Galamberti, the Minister of Posts and Telegraphs, accompanied by the local authorities, today inaugurated an American telegraphic apparatus between Rome and Naples. King Victor Emmanuel intended to be present, but was unable to do so as he is leaving Rome this afternoon. The trials were directed by American engineers, Henry M. Wile and J. J. Romano, and Thomas E. Powerman at Naples. The inauguration was a great success.

## ONLY FIVE BODIES FOUND

HANNA, Wyo., July 2.—Of the 284 men now known to have been entombed by the mine explosion on Tuesday, the bodies of only five have been recovered and all hope that any of the others are alive has been abandoned. Fire and smoke are preventing exploration of the lower workings and it is feared that many, if not all, of the bodies now in the mine will be consumed.

## ARD PATRICK WINS STAKE.

LONDON, July 2.—Ard Patrick, winner of the derby in 1901, won the Princess of Wales stake at the Newmarket race meeting today. Royal Lancer won second and Choice third. Nine started.

## MANEUVERS IN JAPAN.

YOKOHAMA, July 2.—It is rumored here that the Japanese naval maneuvers off the island of Ma San Po, south of Korea, will be followed by a Japanese demonstration in Chinese waters.

HAVANA TREATIES SIGNED. The treaty concerning the naval and coaling stations and the treaty placing the sale of Pines under Cuban sovereignty were signed today at noon.

## C. H. SPEAR DOES GOOD WORK

### MAKES INVESTIGATION AND INCREASES RATE OF RAILROAD.

The Harbor Commissioners at their regular meeting yesterday afternoon increased the salaries of the employees of the Belt Railroad, to take effect July 1st. The fireman, who was heretofore getting \$80, will now receive \$90 per month; the foreman, switchman and the switchmen will be given \$100 instead of \$90 per month. A working day will consist of eight hours. Chairman Charles Spear of the board believes in fair wages for the men. The new eight-hour sea corresponds with the railroad scale of wages. Since Mr. Spear became president of the Board he has personally looked after the cost of railroad switching on the belt road. His investigation has demonstrated that the railroad company was having its switching done below cost. Mr. Spear caused the railroad to be raised \$5,000 a year and they have agreed to pay the same.

## THREE HOUSES DESTROYED BY FIRE.

### EXPLOSION OF GASOLINE STOVE CAUSES MUCH LOSS OF PROPERTY.

As a result of an explosion of a gasoline stove three cottages were burned last night, one being completely gutted. The fire started in the home of E. Johnson, at 563 Thirty-ninth street, and spread to the cottage on the east, unoccupied, and to the cottage on the west, occupied by Samuel Neilson. The Johnson home was burned to the ground, the damage being \$1,300 to the house, with an insurance of \$450, and the damage to the contents was \$600, with a \$500 insurance. The building was owned by R. Montgomery, as was the cottage which was occupied by Neilson. The damage to the latter building was \$200, with an insurance covering the loss. The cottage on the west was damaged to the extent of \$200 and is owned by George Mittel. The loss is covered by insurance. Johnson came home last night and lit the gasoline stove to make hot lemonade. The stove was out of order and exploded. Johnson was compelled to run out of the house without saving any of his effects. Despite the efforts of the Fire Department the flames spread and the damage stated above was done.

## ROBBED NEAR THE CENTER OF TOWN.

SAN PEDRO, July 2.—J. E. Black, an elderly man from Los Angeles, who came here with the intention of purchasing some real estate, was held up and robbed of \$800 within a few blocks of the center of town. Black was compelled to surrender his pocket book at the point of a revolver. His assailant escaped.

## BURE NOW. The Truth About Coffee.

It must be regarded as a convincing fact when a family of 7 has used Postum for five years, retaining health and keeping healthy and strong on this food drink.

This family lives in Millville, Massachusetts and the lady of the household says: "For eight years my stomach troubled me all the time. I was very nervous and irritable and no medicine helped me. I had about given up hope until 5 years ago next month I read an article about Postum Cereal Coffee that convinced me that coffee was the cause of all my troubles. I made Postum carefully and liked it so much I drank it in preference to coffee but without much faith that it would help me. At the end of the month, however, I was surprised to find such a change in my condition. I was stronger in every way, less nervous and at the end of the month I had recovered my strength so completely that I was able to do all of my own house work. Because of the good Postum did us I knew that what you claimed for Grape-Nuts must be true and we have all used that delicious food ever since it first appeared on the market. We have seven in our family and I do the work for them all and I am sure that I owe my strength and health to the steady use of your fine cereal food and Postum (in place of coffee). I have great faith in Postum that I have sent it to my relatives and I never lose a chance to speak well of it." Name furnished by Postum Co., Battle Creek, Michigan.

Joe cold Postum with a dash of lemon is a delightful "cooler" for warm days. Send for particulars by mail of extent of time of this \$750,000 contest for 75c money prize.

# Married Women

Every woman covets a shapely, pretty figure, and many of them deplore the loss of their girlish forms after marriage. The bearing of children is often destructive to the mother's shapeliness. All of this can be avoided, however, by the use of Mother's Friend before baby comes, as this great liniment always prepares the body for the strain upon it, and preserves the symmetry of her form. Mother's Friend overcomes all the danger of child-birth, and carries the expectant mother safely through this critical period without pain. It is woman's greatest blessing. Thousands gratefully tell of the benefit and relief derived from the use of this wonderful remedy. Sold by all druggists at \$1.00 per bottle. Our little book, telling all about this liniment, will be sent free.

# If the Owl would close tomorrow

Suppose The Owl Drug Store would go out of business tomorrow, do you think for one minute you could get a bottle of Peruna for 55 cents.

Just the minute the Drug Trust was in control of the drug situation up would go every price on drugs and medicines and the public would have to stand the raise whether they liked it or not.

The Owl is the original cut rate drug store on the Pacific Coast and always has been an aggressive cutter and is today.

We are the only druggists in San Francisco and Oakland that believe in cut rates and who refuse to join the combine to raise prices.

And that is the reason we are boycotted.

### GIVES ADVICE TO PHYSICIANS.

BOARD OF HEALTH ISSUES A BULLETIN ABOUT DISEASES.

The Board of Health has directed that a monthly bulletin be issued to doctors, calling attention to the prevailing diseases and to other matters of interest to physicians. This is done for the purpose of enlisting the assistance of the profession in the work of this department, for it is recognized that the Health Department will be of much more value if it is in close contact with the physicians. The bulletin follows:

#### DIPHTHERIA.

The month of May was marked by an unusual number of diphtheria cases, and the mortality from that disease has also been large. The figures are 52 cases reported with 7 deaths. It is felt that these figures can be materially reduced, and to that end the following suggestions are made:

Close attention should be given to the strict exclusion of all unnecessary persons from the sick-room, especially children. If the circumstances are such that you find it difficult or impossible to isolate the patient, or if your orders for prophylaxis are disobeyed, this department desires you to feel that the Board of Health is behind you, and stands ready to assist you in enforcing isolation, disinfection, and all other measures for preventing the spread of diphtheria, and will place a quarantine and guards on the premises, if that is necessary.

In treating the acute inflammation of the throat, a culture should be taken at the first visit. (Swabs are to be had at the Health Office and leading drug stores, free on request.) Eastern authorities hold that "For a physician to treat an acute inflammation of the throat for days without a microscopic examination is little short of criminal." The essentials in the treatment of diphtheria are, undoubtedly, early diagnosis and prompt use of antitoxin.

And an early diagnosis is impossible without the microscope. The City Bacteriologist makes these examinations free of charge.

In order to accommodate physicians who want reports on swabs sent in after five o'clock, a box has been placed on the BACK DOOR of the office. Swabs placed in this box before SEVEN o'clock will be ready for report on the following morning. Sixty-nine swabs were examined during May.

Your attention is called to the school regulation which forbids a child who has had Diphtheria to return to school until negative bacteriological cultures have been obtained from nose and throat, and a certificate to that effect presented.

**FREE ANTITOXIN.**

The Board has secured an appropriation for the free distribution of antitoxin for a limited time, to the needy of this city. To get antitoxin free you are required to apply to the Health Officer and to present to him one of the enclosed antitoxin blanks properly filled out. It is the intention to grant this privilege to the needy only, and the Board is relying largely on the assistance of the doctors to see that antitoxin is supplied to every case where the financial condition of the people makes it proper to dispense it free, and to none other. Much weight will be given to the attending physician's opinion on this point. At the same time it is the purpose of the Board to control this epidemic and to use every means in its power to that end. Your co-operation will be appreciated.

**TUBERCULOSIS.**

Your attention is called to the law requiring that all cases of consumption accompanied by expectoration be reported to this office. In order to assist in making a diagnosis the City Bacteriologist makes free examination of suspected sputum. (Proper bottles are to be had free on application at the office or drug stores.) On receiving reports of consumption this office does not placard the premises, nor visit the case, nor send any printed matter, nor in any way interfere with the case—unless requested to do so by the attending physician. But the law requires that no premises be fumigated on death or removal. Printed cards for consumption can be had at this office.

**CONTAGIOUS DISEASES CIRCULAR.**

In order to teach the laity the ordinary house care of the contagious diseases a printed circular has been compiled giving information regarding diphtheria, scarlet fever, smallpox, measles, typhoid fever, etc., and on receiving a report of any of the diseases a copy is sent direct to the address. The information given is not intended to place the doctor in the position of an expert, but to supplement his orders, and to instruct those cases that do not have a doctor.

**WE HEREBY CONDEMN, repudiate and openly challenge as false and malicious, all statements to the effect that SOZODONT, the well-known dentifrice, is or ever was acid or contains any ingredient injurious to the teeth or mouth.** The origin of these statements has been traced to certain irresponsible and unprincipled persons desiring to benefit thereby. We, therefore, publicly state and stand ready to prove SOZODONT to be not only non-acid but an acid destroyer, for by its alkaline reaction it neutralizes all destructive mouth acids. This statement is corroborated in hundreds of letters from our most eminent dentists.

## SYNDICATE BUYS SPRECKELS' LIGHT COMPANIES

After a War Lasting Five Years in Which Consumers Reap Large Benefits Peace is Effected.

Claus Spreckels has agreed to sell his Independent Gas and Power and Independent Electric Light and Power Companies for the sum of \$6,000,000, and with this deal ends the gas and electric war in San Francisco. In addition to the selling price, Mr. Spreckels is to receive the expense to which he has been put to to enlarge the plant since the option, which he gave to Stone and Webster, expired.

By the consummation of this deal, all of the power and lighting interests have been consolidated and the sole owners are the syndicate of San Francisco capitalists, who have been working for the consolidation of the lighting interests for some time past. The syndicate is composed of gas and light men, together with bankers and capitalists, many of whom are largely interested in the San Francisco Gas and Electric Company and the Pacific Gas and Improvement Company. In addition to these, a number of financial institutions are interested in the concern.

The war, which has just been ended, had its inception about five years ago when the Electric Gaslight Company entered the field and reached the zenith of intensity when Claus Spreckels established the Independent Electric and Gas Company. Mr. Spreckels was goaded to the establishment of the company by Joseph Crockett, who was at that time the president of the San Francisco Gas and Electric Company. The competition was precipitated by a little incident, which happened long ago when Mr. Spreckels erected a new building and the smoke from the gas and electric company's plant was a source of much annoyance to the occupants of the building.

The capitalist tried to induce Crockett to abolish the nuisance, but the latter paid no attention to the complaint and on one occasion gave Spreckels a very insolent reply to a civil question, with the result that the capitalist entered the lighting field in competition, determined to make the company pay for the insolence of its president. He was successful and Crockett was forced to retire.

Many attempts were made to induce Spreckels to combine, but he has steadily refused to enter any combination of any sort, but has always stated that he would sell if he got his price, and this is what he has done. He was asked many times to enter a compact for the purpose of regulating the price of illumination or to sell out his company for stock in other concerns, but all of these overtures have failed on deaf ears.

Those who are in a position to know are confident that prices will never reach the old figure again, although it is conceded that there will be an advance in price. The latter will be slow and gradual and will not go very high as the lesson has been learned by the controlling company at a dear cost and they are not likely to invite another war with an opposition company.

The peace was sealed on Tuesday when J. D. Spreckels and Adolph B. Spreckels, acting in behalf of Claus Spreckels, met with I. W. Hellman, president of the Nevada National Bank, and the Union Trust Company, for the amalgamation, and signed the treaty which put an end to the strife. According to the terms of the agreement, the new owners take possession today as soon as they make the first payment of half a million dollars in favor of the old owners. The subsequent payments are to be made at regular intervals.

The negotiations, which have just ended successfully, began early last spring and the first steps were to see if the deal could be made, which were bought with the assistance of prominent capitalists and then the interested parties secured terms from Claus Spreckels. As soon as this was done, I. W. Hellman proceeded to finance the deal, which was quickly and ably done. At one time it looked as if the negotiations would fall through when Bourn made his bad break with reference to Spreckels' age. However, the banks were interested in the deal hastened to assure Spreckels that they were not in accord with the indiscreet president of the San Francisco Gas and Electric Company, and matters progressed more rapidly and favorably than they did before. After his break Bourn was relegated to the background and had practically nothing to do with the negotiations.

**JAMES HENNEBERRY CLOSING FISHING TRIP.**

Ex-Councilman James Henneberry has returned from a fishing trip in the Doner Lake and Lake Tahoe country and reports exceedingly that the exigency of business compelled him to make his piscatorial outing one of only a few weeks instead of one indefinite duration. He looked for and caught trout in the Truckee in a manner which enabled him to supply many of his friends here with liberal meals of the speckled beauties. He asserts he never enjoyed such sport in his life. At first the fish would not take the worm, but after a couple of days' coaxing, coupled with a display of the winning ways of the angler, the fish took the bait and he had the rest of their lives. Mr. Henneberry was encased in waders and mackintoshes and other water-proof contrivances. He waded out into the rapid-running Truckee and Boon angled, and when he slipped and his upper goods were rendered worthless, he threw them away and continued the quest for fish in his "everyday clothes," wading up and down and whipping the stream until the darkness of night drove him back to his hotel. Mr. Henneberry says he is not given to telling fish stories.

## OCEAN TO OCEAN MAY HAVE BEEN IN AUTOMOBILE POISONED.

TWO PASADENA MEN WILL MAKE NOVEL TRIP ACROSS THE COUNTRY.

LOS ANGELES, July 2.—L. L. Whitman, accompanied by E. J. Hammond, both of Pasadena, started at noon today to cross the continent from ocean to ocean in an automobile. Whitman drove his machine to San Pedro, where it was loaded on a steamer for San Francisco. From that city the two men will start next Monday morning, going east by the Ogden, Cheyenne and Omaha routes. The automobile in which the attempt will be made is a 4½ horse-power Oldsmobile runabout.

There will be an informal meeting of the Board of Police and Fire Commissioners this afternoon, after 4 o'clock, for the purpose of discussing the propriety of allowing fireworks stands on the sidewalks.

MISSOURI POSTMASTER AT BROTHER'S HOME IN UNCONSCIOUS CONDITION.

DETROIT, Mich., July 2.—Charles Alger, postmaster at Hannibal, Mo., lies at the residence of his brother, Senator Alger, in this city, in a semi-conscious condition and physicians are unable to determine whether he is suffering from excessive heat or from a drug administered by revengeful enemies.

It is said that Mr. Alger has been instrumental in suppressing the work of so-called green goods men, who have operated in Missouri of late and it is feared his condition is the result of poison they may have secretly administered to him.

At a hotel in Cleveland, it is said that he was robbed of his pocketbook and a considerable sum of money. Later, while paying his bill at the cashier's desk, he was taken ill and when he reached Detroit he was partially unconscious.

## BUTCHERS WILL NOT GO ON STRIKE.

SIGN AGREEMENT WITH EMPLOYERS TO REMAIN AT WORK.

BAKERSFIELD, July 2.—A year's contract and an arbitration agreement were signed this morning between the representatives of the butchers' local union and the meat market proprietors. A strike was threatened at noon today, but the action on the part of the employers covers all points of possible difference and all employees have reported to work.

## REMOVAL SALE.

KELLY & LIEBIS OF SAN FRANCISCO TO MOVE TO STORE OF FIVE STORIES.

F. W. Mellis, advertising agent for Kelly and Liebis, 120 Kearney street, San Francisco, was in this city today announcing the great removal sale of the above-named firm. They are the oldest cloak and suit merchants in California and have made women famous for being the best dressers in America. Before moving into their new store of five stories, they will sell out every garment they have marked so low that the ladies will remember it for a long time to come.

## KING MAKES COURTEOUS REPLY.

## FUNERAL OF LATE THOS. CLUNIE.

SERVICES HELD IN SAN FRANCISCO WERE SHORT AND SIMPLE.

SAN FRANCISCO, July 2.—Funeral services over the remains of General Thomas J. Clunie were held at his late residence this morning.

The house was crowded with sympathizing friends from all over the State. The services were short and simple. The Rev. Walter M. White of the West Side Christian Church led the exercises.

Notwithstanding the publication in the newspapers that no flowers were to be sent, the house was filled with offerings.

The remains were taken to Sacramento for burial in a special train. The pallbearers were William D. English, Raphael Weil, Charles J. Heger, Wellington Gregg, Jr., Ryland E. Wallace, E. A. Bridgford, John C. Wilson, Francis John Henry.

The committees of the City Council will meet tonight and it is believed that there will be several protests against granting liquor licenses filed. Under the rule of the License Committee recently passed the protesters can devote but twenty minutes to the discussion of the subject, while the representatives of the license are granted the same length of time in which to make reply.

## LATEST STAR IN MUSICAL COMEDY

MISS PAULA EDWARDS, THE LATEST STAR IN MUSICAL COMEDY.

Miss Edwards' chance has come at last. She is to be starred by the Messrs. Shubert in "Winsome Winiw." Miss Edwards is a young woman, although her experience has been long and trying. She is exceedingly pretty, a good dancer and the jeunesse dore of several cities proclaim her a beauty. Miss Edwards, besides being well-known in New York and throughout America, also made a hit in "The Belle of New York" in London. She will play at the Macdonough this winter.

## ORDERS NEW TRIAL OF CASE.

SUIT OF BOONE VS. OAKLAND TRANSIT COMPANY TO GO TO JURY.

SAN FRANCISCO, July 2.—The Supreme Court today handed down an opinion reversing the decision in the case of J. B. Boone and Ollie Boone against the Oakland Transit Consolidated, whereby the plaintiffs were awarded a verdict of \$1000 against the company for damages received by Mrs. Boone in being thrown from a car.

Boone and his wife were riding on an electric car on November 9, 1898, and started to get off at Twelfth and Harrison streets.

Before Mrs. Boone could alight, the car started with a jerk and threw her to the ground, resulting in serious injury to her left shoulder, elbow and leg.

Suit was brought by Attorneys Snook and Church for Boone and the case finally tried. The jury awarded the plaintiffs \$1000 damages and the verdict was appealed from by the company to the Supreme Court, which has now ordered a re-trial.

MANITOU HOUSE IS BURNED TO THE GROUND—CAUSE UNKNOWN.

MANITOU, Colo., July 2.—The Manitou House, without exception, one of the finest hotels in this resort, was burned this morning. The loss is estimated at \$100,000, partially covered by insurance. The Manitou was owned by a company of which W. A. Bell is president and was under lease to D. K. Torrey, but had not been formally opened for the season. It is not known how the fire started.

## STORE BURNS TO THE GROUND.

BERKELEY, July 2.—A fire broke out this afternoon about 4 o'clock in the store of J. Slatchie at the corner of Sixth and Austin way. The grass around the store was burning and the house caught fire and burned to the ground. The damage is about \$1000.

## ENGINEER HAS PASSED AWAY.

NEW YORK, July 2.—Shattuck Morrison, aged 61 years, a member of the Isthmian Canal Commission and one of the foremost civil engineers in America, died in this city last evening. He was confined to his bed for six weeks. Mr. Morrison gained his reputation as a bridge engineer. Probably his greatest work was a bridge engineer was the bridge over the Mississippi river at Memphis, which has a single span of 790 feet.

## MURDERER AGAIN BROUGHT BACK

SPECIAL GRAND JURY WILL CONSIDER HIS CASE AND JUDGE WILL APPOINT ATTORNEY.

PEORIA, Illinois, July 2.—John McGrain, who a week ago Tuesday night shot and instantly killed Detective Murphy and who was subsequently removed to Galesburg to prevent being lynched, was quietly brought back early this morning by orders of Judge Green of the Circuit Court.

The special grand jury will consider his case at once and if he is indicted, Judge Green will appoint an attorney to defend him immediately.

It is not believed any further attempt will be made to lynch him.

CORBETT COMES TO FAIR  
TONIGHT.

Elaborate Program Prepared and  
Will be Carried Out by the  
Oakland Press Club.

Last night was turned over to the Woodmen of the World and the members of the organization showed that they were worthy of the honor conferred on them. They turned out in liberal numbers and their presence dominated the occasion and their hearty good-nature charmed everybody who came in contact with them and favorably commended their order to hundreds of inquiring people.

The men who exemplify the sterling quality of those who have forests and blaze the way that civilization may advance, came from all sections of the county and from San Francisco. The attendance from the last mentioned place was especially large and imposing. It showed the fraternal spirit which the members in the metropolis have for the brothers on this side of the bay and the appreciation they have for a good street display when they come so far to attend it. A special train was provided to take them and the other visitors from San Francisco back to their home at 12:30 o'clock this morning, after they had concluded the fraternal and social visit.

The visitors were met at the train in this city by Oakland Woodmen and formed into line, the marchers bearing their axes to which were attached flaming torches. The effect under the brilliant illumination of the streets in the heart of the city was imposing in the extreme and was greatly admired by on-lookers in the streets. The procession moved as follows:

**FIRST DIVISION.**  
Grand Marshal.  
Assistants to Grand Marshal.  
Uniform Drill Teams.  
Drum Major.  
Tampala Camp.  
Golden Gate Camp.  
Redwood Camp.  
California Camp.  
W. L. Temple Camp.  
Mission Camp.  
Calumet Camp.  
West End Camp.  
South San Francisco Camp.  
And other San Francisco Camps.

**SECOND DIVISION.**  
Aids to Grand Marshal.  
Tree Fellers, Log Rollers and Stump Pullers.  
Athena Camp Band.  
Fleet.  
Emblem of the Order.  
Color Bearer.  
Oakland Camp.  
Forest Camp.  
Bay Tree Camp.  
Cerro Camp.  
Petaluma Camp.  
Wedgewood Camp.  
Alpha Camp.  
Fruitvale Camp.  
Spruce Camp.  
Encinal Camp.  
Old Orchard Camp.  
Elm Camp.  
Cherry Camp.

And other Alameda County Camps.  
The officers of the parade were: Grand Marshal, Al Rogers; assistants to grand marshal—Archibald Taft, George Von Wernsdorff.

Aids to grand marshal—W. H. Courtney, B. F. Thompson, W. C. A. Heathorn, C. G. G. Briggs.

Color bearers—J. W. Miller, A. Mosher, E. M. Rodding, W. D. White, D. N. Black.

Tree fellers—J. B. Horthorn, A. Lundine, Mr. Meier, Mr. Davis.  
Log rollers—W. H. Robinson, H. Bishop, W. Kolling, F. A. Loring.  
The line of march was from Seventh street to Washington, to Fourteenth, to Broadway, to Eighth street, counter march on Broadway to Eleventh street, to Oakland.

At the grounds, the excellent bands of Tampala Camp and Athena Camp of the order rendered a number of fine selections and evolutions were gone through with by the drill teams. The visitors then became the guests of Athena Camp and the pipe of peace, quiet and friendship was smoked with the greatest relish.

**GRAND ARMY.**

Last night, also was G. A. R. night. Every member of that organization, who

presented himself at the gate, was admitted free. The grounds contained several hundred of the veterans, every one of whom enjoyed the spectacle.

**BIG CROWD.**  
Yesterday was one of the most successful days of the fair, the attendance having reached, in round figures, 25,000. Another immense throng is expected tonight.

**PRESS CLUB TONIGHT.**  
Tonight will be the Press Club's time at the fair. It will also be Jim Corbett's night. Corbett will positively appear at the circus, where he will deliver his celebrated monologue, and Eddie Hanlon will put up a three-round go with Bob Johnson. Archie, that mysterious personage of whom little is as yet known, will be on the grounds. This feature of the attractions has created a sensation wherever exhibited. The greatest secrecy is being maintained in regard to "Archie." The great crowds that are expected will be entertained by such races, potato races, etc., and the musical program will be the best yet rendered. A feature not yet introduced in the musical program will be solos from the bandstand.

Arrangements have been completed with the Southern Pacific to handle the hundreds of visitors who are coming from San Francisco and extra assistance has been secured at the turnstiles. Chief of Police Hodgkins has detailed a special squad of officers to assure good order.

**AMONG BOOTHS.**  
Miss Estelle Kleeman was chairman of the Oakland Club booth yesterday. A score of pretty girls are always to be found at the roomy refreshment booth, and masculine Oakland has developed a surprising appetite for ice cream. Among the young girls who added to the attractiveness of the place last night were Miss M. Perkins, Miss Julia Talbot, Miss Lena Crittenden, Miss Alma Perkins, Miss Arcadia Scott, Miss Eva Yorkner, Miss Florence Ziegler, and the Misses Landerbach. The matrons who assisted were Mrs. W. N. Kleeman, Mrs. George Wise, Mrs. George Humphreys, Mrs. W. D. Smith, Mrs. Crittenden and Mrs. Yorkner. Harry and George Wise did good work spicing for the booth.

The Ladies of the Macabees have added several things to the menu and now sell, in addition to ice cream and lemonade, brown bread and beans. Among the workers at the booth yesterday were Mrs. Waterhouse, Mrs. Keene, Mrs. Brady, Mrs. Nelson, Mrs. Macartney and Miss Fletcher.

The Marionettes continue to play to an amused audience of old and young every day. Miss Moore is very successful in always having an energetic set of spiclers out in front, those yesterday being Whipple Hall, Bursleigh Tucker, Ed Hume and George Sessions. Miss Jane Barry, Miss Sessions and Miss Kirby assisted Mrs. Tashiera at the door.

**THE CONCERT.**  
The musical program for tonight is as follows: March, "Electric Carnival" (C. Horst); overture, "Nebulosa" (Verdi); potpourri, "Polueto" (Donizetti); selection, "Singing Girl" (Herbert); water scenes, "Narcissus" (Nevin); Evening Song (Carl); aria from "Lucia di Lammermoor" (Donizetti); overture, "Morning, Noon and Night" (Suppe); suite solo (selected), P. Penella; selection, "Robin Hood" (De Koven); waltz, "Moonlight and Starlight" (Reed); characteristic, "Coon Capers" (Mills).

**IMPLEMENT FACTORY SOLD.**  
CLEVELAND, O., July 2.—The sale of the property of the Autlman Miller Company of Akron, manufacturers of harvesting machinery, has been approved by United States Judge Wing. The plant was sold to Judge William A. Vincent of Chicago for \$340,000 cash.

The company will hereafter be known as the Autlman and Miller Buckeye Company. The capitalization is \$750,000.

**STREET RAILWAY BUILDER DEAD.**

CLEVELAND, O., July 2.—Charles Hathaway, widely known as a builder of street railways, is dead at his home in this city, aged 84 years. Mr. Hathaway was formerly associated with De Fries Robinson, and the firm built more than 130 street railways throughout the United States.

## THEY SAIL ON A PERILOUS MISSION.

WESTERN PACIFIC  
IS READY.

ARTICLES OF INCORPORATIONS  
HAVE BEEN FILED AND PLANS  
MADE.

The Western Pacific is rapidly getting into shape for active operations in the several counties through which it is proposed the line shall run, and incorporation articles have quite recently been filed in the counties of Santa Clara, Yuba and Nevada.

In Santa Clara county it is planned to build a branch from San Jose to connect with the main line at Hayward, a distance of twenty-five miles, and one of forty-nine miles from San Jose to San Francisco, thus securing an all rail entrance to the latter city.

Incorporation papers as filed at Marysville give the information that the capital stock of the company is \$50,000,000, of which \$1,500,000 is subscribed, and the proposed route is stated to be from San Francisco to Oakland, Stockton, Marysville, Oroville, up the Feather river, through the Sierra valley to Beckwith pass and on to Salt Lake, and the length of main line is stated to be 310 miles. In Nevada county the same statements of fact are made by the articles. There will be a branch line in Nevada county, which it is proposed to run from Beckwith pass to a point on the Truckee river, and thence through to Elko. Articles of incorporation of the Western Pacific Construction Company were filed in Carson City, Nevada, a few days ago. The company is capitalized for \$30,000,000, and its declared objects are, the construction of railroads of all descriptions, dams, flumes, canals, development of mines, and the creation of sawmills and other public enterprises. Reno, Nevada, is named as the principal place of business of the corporation, and these gentlemen as incorporators: James H. Swift, 1155 Madison street, and E. N. Harmon, 42 Market street, Oakland; M. B. Maynard, 113 Phelan Building; C. McMurray, 328 Montgomery street, and T. Otway Sadler, Mills Building, San Francisco. The capital stock is composed of fifty shares, and is fully subscribed. As near as can be learned, this company was brought into existence for the principal purpose of constructing the Western Pacific road, and it was incorporated under the laws of the State of Nevada because of their extremely liberal provisions.

**LITTLE PARAGRAPHS OF INTEREST TO RAILWAY MEN.**

Railway conventions will be held during the month of July as follows: 14th, National Convention of Railroad Commissioners, at Portland, Me.; 21st, National Association of Railway Agents,

National Division, at Eureka Springs, Ark.; 22d, American Association of Dining Car Superintendents, at Put-in-Bay; 29th, Railway Transportation Association, at Detroit, Mich.

Mr. T. J. Anderson, heretofore Assistant General Passenger Agent of the Southern Pacific line east of El Paso, Tex., has been appointed General Passenger Agent for the same territory, with headquarters at Houston, Tex. Mr. Joseph Hellen succeeds Mr. Anderson as Assistant General Passenger Agent.

Mr. A. S. Jennings has been appointed auditor of coast lines of the Santa Fe, with headquarters at Los Angeles. He succeeds Mr. J. W. Whitely, who has been appointed Auditor of Disbursements for the same company at Topeka, Kan.

Recently the Supreme Court of New York affirmed a verdict of \$1,500 damages against the New York Central in favor of a passenger who injured his head by the fall of her own traveling bag, which she had placed in the rack above her seat. The claim of the plaintiff was that the motion of the train caused the bag to fall, and she asked for \$15,000.

Reports show that the new railway mileage completed during the first six months of the present year totals a total of 2,314 miles. These figures are exclusive of many private and logging roads built for temporary use. Eleven States have completed no new roads, viz: New Hampshire, Vermont, Rhode Island, Connecticut, New Jersey, Delaware, Maryland, Nebraska, South Dakota, Wyoming and Nevada.

**YARD ITEMS SAVED**

FROM THE SCRAP HEAP.

Engineers Phelps and Watson and H. Lightner and W. Mountain have pooled their month's vacation and will form a party that expects to have all the fun that can be found in the mountains in that length of time. Next week they will go by rail to Red Bluff, thence by saddle sixty-five miles further on, and their avowed purpose is deer hunting. J. Griffin, Jerry Hogan, Arthur Trumbull, G. R. Berling, and J. H. Whistler, Armen, have successfully passed a strict examination for promotion as engineers, and in the near future they will be riding on the right hand side of the cab and, for awhile, getting tired most to death at every grade cross ing.

Jep Jensen, Peter Jensen and Fred Swenson are each possessors of new and up-to-date bicycles. Of late they have been "spurring" each other in endeavor to ascertain which one is the best man, and the question is still an open one with the palm being strenuously claimed by each. Sunday there will be a "try out" at the race track, and it is predicted that if Cap Johnson does not enter the race as a "dark horse" with his specially improved wheel one of the three first named will be declared entitled to carry the pennant of victory.

E. Angwin, machinist, has been transferred to the Dunsmuir shops. H. A. Hammond, engineer on the Alameda local, has gone to Lake Tahoe to spend his vacation. Hammond is rated as a fisherman, and so he even claims that he could have given Isak Walton points had that gentleman remained on earth until the present time. Because of

\*\*\*\*\*  
The most interesting mountain-seeing expedition ever formed has started out on a mission to find a Pigmy City and to climb to the summit of an Andean Mountain, never before reached. The leader of the expedition is Miss Anna S. Peak, a mountain climber of note. She is accompanied by President W. O. T.ight of the University of New Mexico, and two Swiss guides. The mountain they will climb is the Andean Peak Mount Santa, said to be nearly 25,000 feet above sea level. So far as is known no one has ever reached anywhere near the top before. The natives two hundred miles around believe that some more than human power prevents the top being reached and they do not look deliberately at anyone who attempts the feat. The remains of the Pigmy City is supposed to be in these same Andean Mountains.

\*\*\*\*\*  
this, it is confidently expected that trout, fat and toothsome, will soon begin to rain down at the yard, and steam shovels and things are being gotten in readiness to gather them up.

J. Openshaw, engineer on the Seventh street local, has gone East with his family, where he will spend his vacation.

P. J. Ryan, back shop foreman, will leave Saturday for St. Helena, Sanitarium, and will go on a vegetable diet for four weeks.

Jimmie Ready has charge of the overhauling and rebuilding of engine 1403, and he says that when the job is completed it will be a credit to any shop. Claudius Felton is handling the difficult position of injector foreman with marked ability.

Alex McKeller, chief blacksmith of fire No. 1, and his assistants, Pat Moon, heater, and Jimmie Coane, first hammerman, have beaten all previous records in turning out the frames of engine 1157. The frames also severely tested the new five-ton chain hoist, recently hung in the large block and tackle.

William Cooper, foreman of the marine boiler-makers, will spend two weeks at Adams Springs, in Lake country.

**ASBESTOS WOOD.**

One of the latest of the asbestos discoveries has received the name of "Salamanderite." Besides being thoroughly fireproof it can be made to duplicate any decorative effect obtainable by the finest cabinet work in the costliest woods or by tiling, and at a small percentage of the cost of the genuine article. It may be finished in exact facsimile of quartered oak, mahogany, maple or any fancy cabinet woods, either plain or in the finest marquetry or base relief effects, indistinguishable from the most costly work, so says a recent prospectus. Its value for churches, theaters, steamships, residences and other structures is obvious.—Iron Age.

**REFLECTIONS OF A BACHELOR.**

A woman has ideals till she gets married; a man after he gets married. The average man saves money one place so as to be able to put it where he is squandering it somewhere else. It takes a woman to convince a man that what is a scandal for some other woman to do is only an indiscretion when she does it. The man who couldn't guess to save his life what kind of stockings his wife wears can always tell what kind any woman has on that he sees get on a street car.

A girl has such will power about some things that she will let a man go on making love to her when a mosquito is biting her knee without ever letting him know it.—New York Press.

**GRAND STAND, BALLY SHANNON.**  
July 2.—Farmers of the French team, started in the automobile race for the James Gordon Bennett cup at three minutes past 8 o'clock.

Winton showed his machine over the starting line at ten minutes past, in order to participate if he were able to effect repairs.

Foxhall Keene was off last, at 5:17 o'clock, with a poor start. Winton had considerable difficulty with his car, but finally got away at 5:50 o'clock, amidst loud cheers. It was not thought likely he would be able to make up for such great disadvantages.

Edge repressed the stand of the club first at 8:24, unofficial time. De Knuff passed at 8:35, unofficial. Edge thus gained over three minutes on the first lap over De Knuff. Edge was nearly seven minutes ahead of the time expected. He was moving splendidly and now past the stand at the rate of about sixty miles an hour. The crowd cheered wildly.

Owen passed the stand at 8:59. A few yards behind came Janetzky. He was trying to pass the American and there was terrific excitement as both flew under the arching grandstand. The American was lost sight of in the dust, but evidently would be passed when the German got round.

Janetzky passed at 9:51, not going very well. When Janetzky came down the hill approaching the stand in pursuit of Owen he was moving at a speed of about seventy-five miles an hour. The stand crowds arose and yelled frantically.

Gabriel passed at 9:55, doing the mile ending at the stand in fifty-two seconds. Baron de Caters passed at 10:18, having caught up to and passed Moers. Farman came next at 10:25. Foxhall Keene came flying ahead of Moers and Stocks at 10:40. He whizzed past, making one of the best timed miles so far, in fifty-three seconds.

Edge passed on his second round at 10:50. Moers arrived on his first lap at 10:10. It was reported he had trouble with his speed gear in the Atty. Stocks, who had not yet arrived, was reported to be out of the race.

De Knuff passed on his second round at 10:05 o'clock.

**MATTERS APPEAR TO BE SETTLED.**

NEW YORK, July 2.—The Ministers of Foreign Affairs have attended a secret session of the Senate and read to that body the diplomatic correspondence relative to the Panama canal, says a Herald dispatch from Bogota, by way of Panama.

This committee on foreign relations has been appointed by the Senate: Seniors Joaquin F. Velez, Jose Gonzales Valencia, Antonio Gomez Restrepo, Jose Uribe, Lorenzo Marroquin and Jose Rivas Root. The house has appointed a Canal Committee of nine, consisting of one member from each department.

President Marroquin has given congressional tea at which the most harmony and cordiality prevailed.

The House has decided by a vote of 36 to 24 that the present session of Congress shall be regarded as extraordinary.

General Rafael Uribe Uribe has issued a statement in which he pledges his word that he will not promote any more revolutions.

The laundries will resume operation this week, bringing relief to thousands of men who were face to face with the necessity of turning their shirts inside out.

Before M. Andre Chredame, the indignant French editor, scolded America too severely for the Jim Crow car law, he should remember that America treats its negroes with more consideration than France is showing the monks.

Prince Peter Karageorgevitch promises to govern Serbia according to the constitution of 1895. He is disposed to repudiate the Kansas City platform entirely.

MAY FIGHT FOR CHAMPIONSHIP

YANGER AND HANLON LIKELY TO MEET IN THE RING AGAIN.

An offer has been made by Morris Levy to Eddie Hanlon and Benny Yanger for a return match in September and the chances for its being made are very good. Hanlon was ready to sign at once, but at the request of John Hertz, manager for Yanger, the decision was postponed until later in the week, as the latter wishes to have the doctor's opinion on Yanger's condition.

While he was training, the Chicago boy complained of a lame back and at the time it was attributed to a heavy cold, but an examination has shown that it is a slight wrench. Trainer Hanley is of the opinion that curvature of the spine is coming on and Hertz wants a doctor's opinion on the matter before he signs for his protégé.

The lame back and a badly sprained thumb are all of the marks which Yanger shows as the result of his hard fight. He is going to Lyon Springs for a rest, and Hertz will go to Chicago to take unto himself a wife. He will return in about two weeks.

Hanlon carries a small cut over his left eye and a reopened cut on his lip as the result of his battle Tuesday night. He is very anxious to have another go at Yanger and thinks he can finish the Chicagoan the next time. He says he is improving greatly with every battle.

BIG CONCESSIONS.

FRANKIE NEIL IS SPOILING FOR A MATCH—WANTS BRIGGS.

Frankie Neil is just spoiling for a fight with some one and his father is trying to arrange a match with some of the Eastern boys. Neil Sr. is willing to make some big concessions in order to get a match for the boy.

Frankie would like to go against Jimmy Briggs, who made such a fine showing against Young Corbett in Boston this week, and all he asks is that Briggs make 130 pounds. At that weight, Frankie would be giving away fifteen pounds.

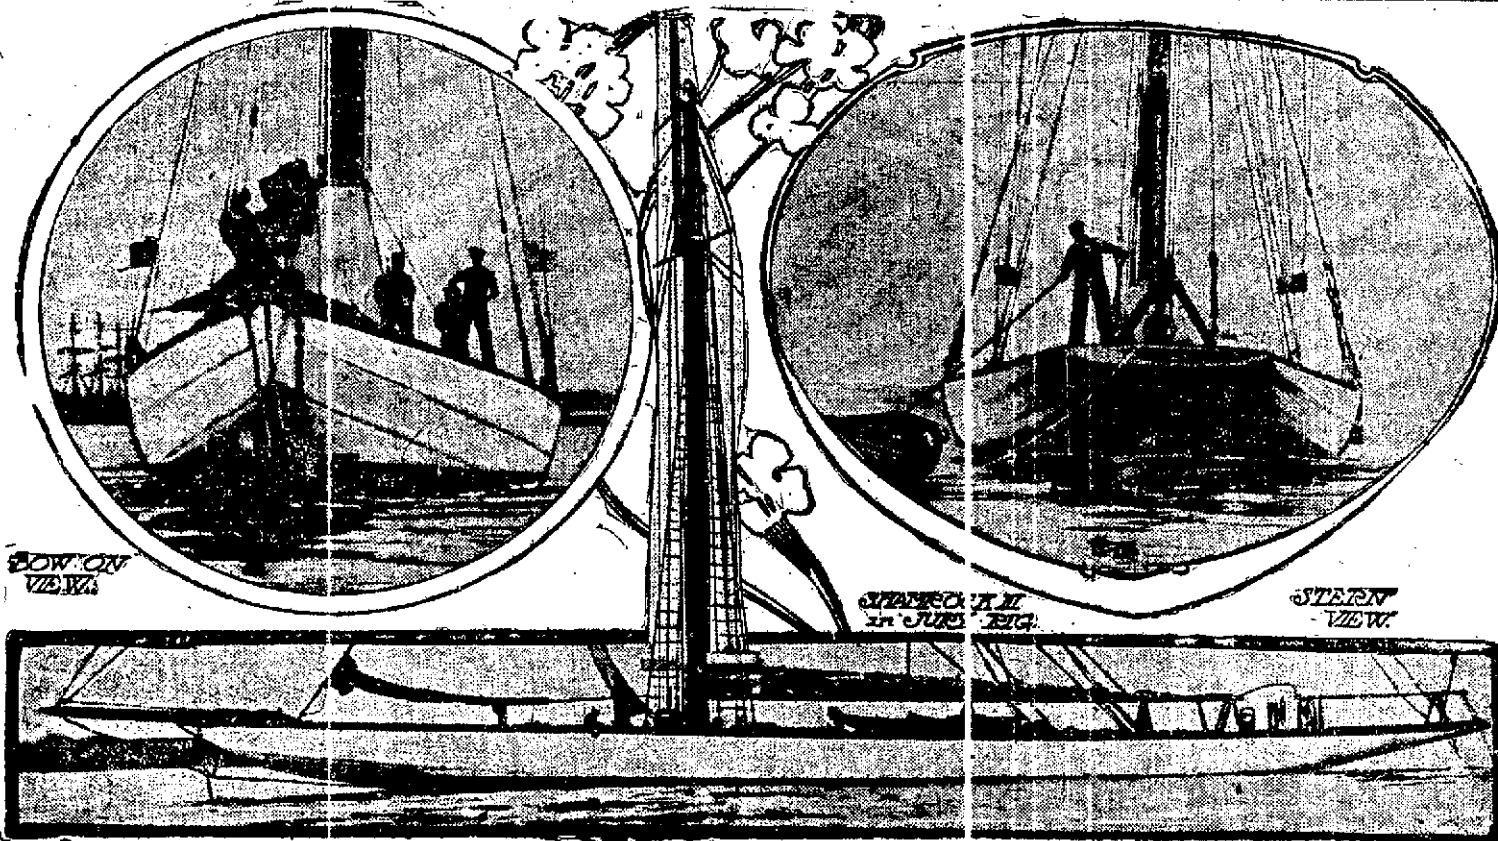

AMATEUR SHOW.

LINCOLN CLUB HAS GOOD PROGRAM OF BOUTS FOR TONIGHT.

The Lincoln Athletic Club of San Francisco has arranged an attractive card of bouts for its amateur show, which takes place tonight at the Mechanics' pavilion annex. All of the bouts are evenly matched and a good evening of sport is looked for.

The special features are the Al Young-Goo, Peterson and Joe Kelly-Danny Sullivan matches. All four of them have put up great battles in the past and rivalry between them has been intense for some time past.

The other events on the card are: Jack Murphy vs. Ed Kehoe; Jack O'Brien vs. Al Ridge; W. Howard vs. Joe Polesa and Arthur Reno vs. George Ellis.

TENNIS GAMES AT SAN RAFAEL

WOMEN TAKE PART IN THE CHAMPION CONTESTS.

Play in the women's singles for the State championship of California commenced yesterday morning on the Hotel Rafael courts in San Rafael and was concluded to the final round. Ten players were entered and of these only two remain—Miss Eva Varney and Miss Miriam Edwards—and they will play the final round on Saturday morning to determine the championship.

Miss Edwards had the hardest time of the two in reaching the final, for she had to meet and defeat such strong players as Miss S. Coffin of Newport and Miss Alice Hoffman. Her steadiness pulled her through, although Miss Hoffman gave her a hard battle and for a short time looked as if she would defeat Miss Varney.

Following is the result of the matches: Preliminary round—Miss L. Wegener beat Miss W. Mason, 6-2, 4-6, 6-2; Miss S. Coffin beat Miss H. Hotchkiss, 6-0, 6-2.

First round—Miss A. Hoffman beat Miss M. Varney, 6-2, 6-1; Miss E. Varney beat Miss L. Wegener, 6-0, 6-2; Miss M. Edwards beat Miss S. Coffin, 6-2, 6-1; Miss L. Berry beat Miss E. Jones, 6-1, 11-9.

Semi-finals—Miss E. Varney beat Miss Hoffman, 6-0, 4-6, 7-5; Miss Edwards beat Miss Berry, 6-1, 6-3. Final—Miss E. Varney vs. Miss M. Edwards.

Play in the gentlemen's singles for the State championship commenced this morning with thirty entries, and following is the result of the drawing:

W. J. McDonald, a bye; P. Jones vs. W. B. Collier, 6-1, 6-1; S. H. Adams vs. W. Hunter vs. C. J. Smith; H. Mann vs. S. Gaynes; H. Welch vs. R. N. Whitney; C. Foley vs. C. Teller; H. Hotchkiss vs. W. Allen; M. Hotchkiss vs. A. Miller; J. R. Lewis vs. O. Hoffman; H. Haight vs. H. E. Routh; G. James vs. J. A. Coder; C. G. Kuhn vs. M. Lopez; R. B. Cornell vs. C. Griffin; C. M. Smith vs. A. Beyruss; M. Johnson vs. H. Boyle.

JIM CORBETT AT HOME.

TALKS WITH A TRIBUNE MAN AND TELLS OF HIS PLANS.

"Oh-a-a-a. This sporting life is not what it is cracked up to be. Verily, it is tiresome," yawned Jim Corbett, as he sat sprawled out in a shady corner on the porch of Croll's resort in Alameda yesterday afternoon and gossiped with "Brother Tom" and a TRIBUNE man.

The weather was raising a disturbance with the thermometer, the fighter was tired for he had been up half the night before passing upon the Hanlon-Yanger boat, and so there was no work done in the Corbett camp yesterday.

"Tomorrow I commence a line of hard training, which I have mapped out and which I will strictly adhere to," quoted Jim. Having thus expressed himself, he sought to force two growling dogs into a fight and would have succeeded but for "Brother Tom."

"Say, my eye but wasn't that a fight, huh?" inquired Corbett, of the TRIBUNE man, and referring to the Hanlon-Yanger go. But as the newspaper was not one of the fortunates in attendance, he could not conscientiously say, but to keep the conversation going acknowledged that it was.

"How these little fellows did work," declared the ex-banker. "They fought every inch of the way and every minute of the time. It was a wonderful exhibition. But do you know, while most of the people thought the decision of the referee was right, and some of them thought that Yanger should have gotten the long end of the purse, it is my opinion that Hanlon won the fight, although there are not many who will agree with me."

"You bet your aunt, Yanger hurt his back on Hanlon and he's lucky to get off that light. If they meet again Yanger will have to be a whole lot more convincing with his fists to get another draw, or I'll buy a wine cellar."

"Say, I see by the paper that there's a negro over in the Oakland jail, who will not eat the prison fare but wants fried chicken, with a lot of grass around it. He's a murderer, too. Wouldn't that make you mope?"

"You say they won't hang him. Well, if they don't, I'll head a mob and we'll tear the old jail down and string him up ourselves. I thought Roosevelt was a good man until he sprang this negro business of his, now, in a great measure, my respect for him is gone."

"Why, hello, Gardner," shouted Corbett, as an old man, with snow white hair hanging to his collar and a face battered by age, hove in sight of the group on the porch. "Why, where have you been, how's everybody. You're looking well, said Corbett, all in one breath, to the aged gentleman, who shook the fighter's hand, grinned all over and said:

"I didn't think you would know me, Jim."

"Sure, I would. Never forget a face. This is an old pal of mine," explained Corbett to the wondering group. "Have a chair, Gardner."

At this point a sea captain joined the loungers on the stoop.

"Hot day, isn't it," inquired Jim of the captain.

"A boiling day," replied the captain, "but I won't feel it much longer. I am going to sail in the direction of the North Pole in a few days." This interested the fighter and he expressed a curiosity about the ice fields and required a full explanation from the captain.

"My, but this is an ideal place to train," declared Corbett, as he gazed about his quarters. "And such food as I get. Mrs. Croll is a wonder as a cook, and I'm more than getting my money's worth. Everybody is making it so pleasant for me around here."

"Am going to do all my boxing in the morning, commencing with tomorrow. I believe that that is the proper time to do it. You see it sort of loosens a man up for the day's work. In the afternoon, I will take short sprints on the road. I won't travel a great distance, however, but will take a short, swift run, keeping going all the time."

"I have done but little for my wind since I commenced work, but my exercises so far show that I have got a pretty fair pair of bellows inside of me yet," declared the fighting Solomon.

RECRUITS DOING GREAT WORK.

THEY ARE GETTING INTO THE NATIONAL GAME IN PROPER STYLE.

Following is the standing of the teams in the Pacific Coast League race for the 1903 pennant:

Club	Won	Lost	Pct.
Los Angeles	52	28	.650
Sacramento	51	30	.630
San Francisco	47	37	.560
Oakland	38	61	.427
Seattle	30	47	.396
Portland	24	49	.329

Pete Lohman's Recruits are getting into the national game in great style and yesterday administered the second consecutive defeat to the San Francisco team, although it took ten innings to do it.

The score was 4 to 2 and Hodson and Lee were the opposing pitchers. If the Recruits keep up their winning streak the pennant may yet float from an Oakland dike.

In a well played game yesterday the Senators defeated the Angels on the latter's grounds by the score of 3 to 1. Luck favored the Fisheries throughout, and by winning this game they are at the leaders' heels in the percentage column. Joe Corbett twirled for Moors and showed better control, speed and curves than in any previous game this season. Thomas delivered the goods for the Senators and was invincible.

In the North there was no game between Portland and Seattle owing to a leak in the skies, which deluged mother earth with a copious rainfall.

Eddie Herr will play a few games in a San Francisco uniform and if he makes good he will have a permanent berth with Henry Harris' good work, which he has done in the past.

Herr left Oakland because of a disagreement with Lohman and has been signed by Harris. Herr is capable of pitching good ball and has pitched several very creditable games for the Recruits.

Southpaw Cooper has kicked and made up with Lohman, and he ornamented the Oakland bench yesterday afternoon.

Pete Lohman has improved a great deal in throwing to bases during the last few days and is retaining the form that made him the terror of base runners in past seasons. Yesterday he caught several of the Frisco bunch off bases and they were quick out.

Seattle has four new players now on the road from the East to strengthen the team and when they put in appearance the line-up of the team will be entirely different from that of the past. The names of the newcomers are being withheld and nothing is known definitely as to who will be released.

Very Remarkable Cure of Diarrhoea.

"About six years ago, for the first time in my life I had a sudden and severe attack of diarrhoea," says Mrs. Alice Miller of Morgan, Texas. "I got temporary relief, but it came back again and again, and for six long years I have suffered more misery and agony than I can tell. It was worse than death. My husband spent hundreds of dollars for physicians' prescriptions and treatment without avail. Finally we moved to Bosque county, my present home, and one day I happened to see an advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy with a testimonial of a man who had been cured by it. The cure was so similar to my own that I concluded to try the remedy. The result was wonderful. I could hardly realize that I was well again, or believe it could be so after having suffered so long, but that one bottle of medicine, costing but a few cents, cured me." WILD RIDING IN AUTO RACE IN ENGLAND.

Two Cars Collide and Several People Are Injured—Rattling Contest for First Place.

BALLY SHANNON, Ireland, July 2.

The fourth annual race for the international cup offered by James Gordon Bennett, which may be completed for by every foreign automobilist recognized by the English Auto Club, was started at 7 o'clock sharp this morning in fine weather. S. F. Edge, English, holder of the cup, was the first starter.

The contestants were: S. F. Edge, R. D. Knyff, M. Winton, Baron De Caters, C. Jarrott, M. Farman, P. Owen, Fochall Keene, J. W. Stocks, Gabriel, L. P. Moers and Genatzy.

The total distance of the course is 368 miles and 765 yards, as measured by a surveyor. It is laid out principally in County Kildare, the start and finish being at Bally Shannon cross-roads, about thirty-five miles southwest of Dublin. In outline the course somewhat resembles a map of Africa, traversed divided into two parts, which are known as the major and the minor loops. The distance around the smaller loop is about 45 miles and 102 1/2 miles around them both, and there is a dividing stretch of about 13 miles that must be covered six times in going three times around the combined loops. The small loop is covered first and then the racers go three times around the combined loops, Winton, Owen and Moers are the American competitors.

Long before dawn hundreds of police patrolled the usually quiet country roads, which early in the day were alive with a continuous stream of motor cars.

When the pilot car left shortly after 6 a. m. the thirty stands surrounding Bally Shannon were becoming crowded with gaily dressed people, many of whom had spent the night in tents, the tents erected in all directions.

Several complaints were made, notably by Moers, regarding the over-riding of sections of the road.

At 7 o'clock a second, Jarrott, the starter, fired a pistol. Edge pressed the lever of his car and the vehicle sprang forward and the race began amid cheers.

The Americans got off badly and Winton, who had a lot of trouble with his car, lost forty minutes before he was able to start.

At 7:07, De Knyff's blue car went flying after Edge. Winton was not ready when called as third starter, and Owen took his place, the first American car making a rather poor start at 7:14. Germany's first representative, Genatzy, started at 7:22. Then came Jarrott, the English favorite, who went off at 7:28, smoking a cigarette. Gabriel, who is the favorite, followed Jarrott at 7:35. Moers, the second American starter, made a bad departure at 7:42. Baron De Caters, German, got off at 7:49 with a good start. Stocks, English, was off at 7:56.

The first lap, 47 1/2 miles was soon over. Edge going good work, which was only excelled by Fochall Keene. The second lap, 51 miles, found Edge

still first and the Americans, until the leaders were knocked out, apparently with no chance of winning.

A great alarm was created by a report that Jarrott was killed.

The withdrawal of stocks from the race was not expected to influence the result, which is now generally believed to be between France and Germany, unless Edge does unexpectedly well.

LONDON, July 2.—A special dispatch from Bally Shannon says S. F. Edge, holder of the Bennett Cup and member of an English club, met with an accident in today's race, but it is not yet definitely known whether he will be subsequently retained in the race. The Frenchman, De Knyff, is reported to be now in the lead.

J. W. Stocks, of the English team, broke a wheel on his car and retired from the race. He was into a corner near Carlow. Owen also damaged his car, but continued hanging on to Genatzy with grim determination. He passed on the second round at 10:24, four minutes behind Genatzy.

Fochall Keene was leading the race one time for the first lap. Winton passed on his first lap at 10:24. Gabriel came along on his second lap at 10:25 and Baron De Caters at 10:49. It was reported that Jarrott's accident was a serious one. When the Baron passed the stand he stopped up and told the official that his first report of the accident had been exaggerated and that Jarrott was not seriously hurt.

Farman started on his second lap at 11:09.

De Knyff started on his third lap at 11:26, having overtaken Edge. Edge was second, starting his third lap at 11:33, having lost a good deal of ground.

Genatzy was third.

Edge started on his third lap at 11:56 and Gabriel started on his third lap at 12:08.

De Caters started on his third lap at 12:14 and Farman at 12:27.

Fochall Keene retired from the race. He found that an axle of his car was breaking and that the motor was out of control.

All the cars were averaging about thirty-six miles an hour. Jarrott's collar bone was broken and he was also badly bruised. His chauffeur was seriously injured and the car was smashed to pieces.

The beginning of the last lap was timed as follows: De Knyff, 13:57; Genatzy, 4:02.

Both men were riding furiously.

De Knyff began his fourth lap at 1:04 this afternoon. Genatzy at 1:08:30; Gabriel at 1:10; Edge 1:11 and De Caters at 1:14. Winton began his second lap at 1:28 p. m. Moers, as this dispatch was filed, appears to have retired.

Genatzy has the lead by almost nine minutes over De Knyff, who is second, though the figures are subject to allowance. Rain has been falling since 10:30 p. m., but the leading cars keep on going over sixty miles an hour.

Jarrott's accident is reported to have been dislocated. Edge lost two tires.

SEVERAL ARE INJURED.

LONDON, July 2 (5:12 p. m.)—A dispatch from Bally Shannon says that the Jarrott and Gabriel cars collided at Mayborough and that several persons were injured.

FINISHED FIRST.

BALLY SHANNON, July 2.—De Knyff finished first at 5:34 p. m. Genatzy was second at 5:36 p. m.

# NEWS FROM CITY OF ALAMEDA

## FIRE DEPARTMENT IS SHY

CITY OF ALAMEDA NEEDS ONE HUNDRED MORE FIRE HYDRANTS.

ALAMEDA, July 2.—An alarm of fire was turned in at 1 p. m. yesterday from box 31 at Morton street and Central avenue. Investigation showed that children in the vicinity had fired the grass and that the flames had gotten into some nearby eucalyptus trees, causing a beautiful illumination for a short time. The damage was slight. Facilities for taking care of fires in this city are pretty good, though not all that Fire Chief Krauth desires them to be. The hydrants are about one hundred short of the number really needed. The department has the following equipment: One steam engine, one chemical apparatus, one hook and ladder, two common wagons, each carrying a thirty-five gallon tank and twelve hundred feet of hose, one wagon carrying fifteen hundred feet of hose, a reserve hose truck, five engine houses and twenty-seven Gammel alarm boxes.

## BOARD OF TRUSTEES ARE INVITED.

ALAMEDA, July 2.—George W. Arper, chairman of the Parade Committee and Grand Marshal of the parade itself, has extended a cordial invitation to the Board of Trustees of Alameda to participate with the citizens of Oakland in the exercises to be held in the last named city on the 4th inst., and advises that a Reception Committee will meet invited guests at Mayor Olney's office at 9 a. m. on Independence Day.

## GO SOUTH.

MR. AND MRS. COGSWELL WILL SPEND VACATION IN THE SOUTH.

ALAMEDA, July 2.—Mr. and Mrs. Cogswell go South by steamer today and will spend their vacation in and about Los Angeles. Mr. Cogswell is the efficient director of the department of Latin in the High School.

## ALAMEDA MINUS ELECTRIC LIGHTS

ALAMEDA, July 2.—All street lights have been turned off in this city for the past three nights. This has been rendered necessary because of the improvements being made at the powerhouse of the Municipal Electric Light plant. A new steam heater is being installed, and while the work has been in progress it was found that only enough electricity could be transmitted to supply private consumers. Normal conditions will be resumed tonight.

## POLICE HAVE EASY TIME

ALAMEDA, July 2.—Officials at police headquarters are having an unusually easy time just now, the drawing of salaries constituting the bulk of the work. Not an arrest was made yesterday nor today at the hour of going to press and the force is apparently enjoying the situation.

## BOARD OF HEALTH REPORTS

ATTENTION OF CITY ENGINEER TO BE CALLED TO FILTHY ALLEYS.

ALAMEDA, July 2.—The Board of Health met in regular session last night with a full attendance. After the usual routine of reading the minutes, etc., had been disposed of it was directed that a communication be sent to the City Engineer, calling his attention to the grade and condition of the alley way in rear of certain Park street buildings and running from the west side of Central avenue north, with request that the proper necessary work be done at the earliest practicable date. The condition of this alley way is such that during the winter months it is a gatherer of filth to such an extent that it becomes a noxious pestilence-breeder in warm weather. A communication was received from the West End Improvement Association inviting the members of the Board and its officers to participate with this club in the demonstration to be held at the Wigwam on the 4th inst. The invitation was accepted.

Dr. Carpenter was granted a week's leave of absence. The report of Dr. Stidham, Health Officer, shows that during the month of June there were thirteen births in this city, one of which was a still birth. Five of the infants were males and eight were females. The parents of seven were native born, of two foreign born, and of four, one of the parents was native and the other of foreign birth. Twenty-five cases of contagious diseases were reported and the deaths from all cases numbered twelve. Veterinary Inspector E. C. Malliot reported the following work of his department for the month: Groceries and produce stores inspected, 47; bakeries and restaurants, 14; butcher shops, 9; packages of foodstuffs condemned, 9; dairies inspected, 9; milk tests conducted, 46 showing 3.6 per cent of butter fat and 10 per cent cream. Fifty-three physical examinations of cows were made and six horses examined and treated for city departments. The name of Laurel Grove Dairy was changed to Meadows Dairy. Sanitary Inspector E. C. Malliot reports inspections as follows: Premises, 42; nuisances abated, 5; houses fumigated, 3; inspections of plumbing in old houses, 16; in new houses, 6; final inspection of old houses, 16; of new, 12; sewers inspected, 9; Chinese and Japanese quarters inspected, 23. The much discussed new cow ordinance did not come up, as was expected, and it is still in the hands of the Board of Trustees.

## WILL INSTALL.

COLUMBIA LODGE WILL MEET WEDNESDAY TO INSTALL OFFICERS.

ALAMEDA, July 2.—On Wednesday evening, the 8th inst., Columbia Lodge, No. 40, I. O. O. F., will install the following named brethren as officers for the ensuing term: E. J. Jarrett, N. G.; T. A. Rosenberg, V. N. G.; J. H. Wittick, R. S.; H. Clawson, F. S.; G. A. Nissen, treasurer.

## EXPECTED BACK.

DRIVER CURTIS OF FIRE ENGINE WILL RETURN FROM NEVADA COUNTY.

ALAMEDA, July 2.—Driver Curtis of the Chestnut street fire engine house is expected home from Nevada county on the 7th inst. He has been on the sick list for several weeks, but is now so far recovered that he will return home and again assume his duties.

## EXPERIMENT WITH CRUDE OIL

THOROUGH TEST BEING MADE OF EFFICACY OF OIL.

ALAMEDA, July 2.—Although business is comparatively quiet just now in the office of the Superintendent of Streets, still the bettering of the city's streets is not being neglected. Experiment is being made, in a quiet way, with oil to ascertain its value as a street preserver and a dust layer. A couple of days ago, a block at Peralta street and San Jose avenue was given a coating of oil, which it is proposed leaving untouched for the remainder of the season in order that a thorough test may be had of its efficacy for the purpose intended. The oil was applied directly on the macadam, without any special preparation being made therefor, and it seems to have taken hold properly and is so far quite satisfactory.

## VACATION TRIP.

PRESIDENT OF BOARD OF EDUCATION IS IN SOUTHERN CALIFORNIA.

ALAMEDA, July 2.—Hon. Frank Otis, president of the Board of Education, is away in the southern part of the State on his vacation. Together with the members of the Sierra Club, he is tramping along the sunbaked plains and through the rocky canyons of the San Bernardino country, absorbing knowledge and an Indian color.

## REPORT FILED.

POUNDMASTER EWING REPORTS ON BUSINESS DONE IN JUNE.

ALAMEDA, July 2.—Alfred Ewing, poundmaster, has filed with the City Clerk his report for the month of June, which makes the following showing:

Thirty-two dogs were impounded, of which twenty-six were killed by asphyxiation, after having been kept the prescribed time awaiting a call from their owners. Six dogs were redeemed at a local cost to their owners of \$16, which sum would have fitted them with the proper protective tags. The poundmaster's force buried eight cats, six dogs, five chickens and one calf, all found dead about the city. Expenses for the month are distributed thus: Horse shoeing, \$2; horse feed, \$12; dog feed, \$3; help, \$14; repairs, \$4. Total, \$35.

## HAS RESIGNED.

MISS RICHARDSON WILL TEACH MATHEMATICS IN SCHOOL NO MORE.

ALAMEDA, July 2.—Miss Helen Richardson, for some time past teacher of mathematics in the High School, yesterday filed her resignation with the Board of Education. This is a step preliminary to her marriage as announced yesterday.

## TO VISIT FATHER.

SUPERINTENDENT OF SCHOOLS HUGHES IS GOING TO LEBOANON, OREGON.

ALAMEDA, July 2.—Charles C. Hughes, secretary of the Board of Education and Superintendent of Schools, will leave for Lebanon, Or., on the 7th inst., to be absent ten or twelve days, and will visit his father, Mrs. Hughes, who is now enjoying a short vacation in the country, will return and accompany him.

## HONORARY POSITION.

SUPERINTENDENT OF SCHOOLS RECEIVES APPOINTMENT OF HONOR.

ALAMEDA, July 2.—City Superintendent of Schools Charles C. Hughes has been appointed by Superintendent of Public Instruction Kirk as one of the three educators chosen from the State at large to supervise the policy of the Western Journal of Education, the official educational journal of California. The position is without emolument, being purely honorary, but appointment to this board is evidence of both educational and business ability. The other members of the Advisory Board are: C. C. Van Liew and Morris E. Bailey of the State Board of Education, E. C. Moore of the University of California, and Hon. John Swett, formerly Superintendent of Schools in San Francisco.

## MUST PAY

THE FINE.

ALAMEDA, July 2.—Young Simpson, who was arrested last month by a conductor on the local for attempting to ride without paying fare and refusing to pay when demand was made upon him, has been sentenced to pay a fine of \$5 so that his little escapade leaves him \$4.95 out, with discomfort and loss of time added.

## TO RESIDE HERE. LAST STEAMER FROM HONOLULU BRINGS PASSENGERS FOR ALAMEDA

ALAMEDA, July 2.—On its last trip up from the Hawaiian Islands the steamer brought for this city Miss Alice Tabor and Judge and Mrs. J. N. Robinson and child. Miss Tabor has been teaching in the schools of Honolulu for a little more than a year and she will remain here several months. Judge Robinson and wife will make Alameda their abiding place for some time, renewing old acquaintances. Mrs. Robinson was formerly Miss Mamie Morse and was secretary to Street Superintendent Frodden and the Judge was an Alameda boy.

## HAS APPLIED.

DRIVER OF FIRE DEPARTMENT ASKS FOR A PROMOTION.

ALAMEDA, July 2.—James Delvecchio, first extra driver in the Fire Department, has made application for promotion to the position of driver, and the application bears the favorable endorsement of Chief Engineer Fred K. Krauth. Delvecchio resides at 1512 Park street, was born in San Rafael, is aged 38 years and has been a resident of Alameda for the past ten years.

## BOYS GIVEN SIX MONTHS.

ALAMEDA, July 2.—A report comes from Denver, though it does not receive confirmation at police headquarters, that Asa Hutton and young Naber, whose arrest in that city was made some days since on suspicion of being implicated in a robbery, were each sentenced to six months in the County Jail. This is an indication that all that could be proven against them was simple mind-meander, and that the graver charge for which they were arrested could not be sustained.

## NAME BOATS SCHEDULED.

SEATTLE, July 2.—Nome boats are reported and scheduled to arrive today as follows: St. Paul, at 11:30 a. m.; James Dollar, at 12 m.; Roanoke, at 7:30 p. m.

## SENATOR URGES RETALIATION AS CURE

SPEAKER WOULD PUNISH SOUTHERN STATES FOR DISFRANCHISING NEGROES.

CHICAGO, July 2.—Retaliation against the Southern States that have disfranchised the negroes was urged last night by United States Senator Hopkins, who spoke at a meeting called for the purpose of condemning the action of the persons who took part in the Bellville, Ill., lynching. He denounced the lynchers in strong terms and then proceeded to a discussion of the negro question. "It is a shame and a disgrace to the States of Mississippi, Alabama and Louisiana," he said, "that there are no longer men of color in their Congressional delegations. Until public sentiment has been aroused and these States return negroes to Congress, it will continue to be a disgrace to the people of the United States."

## SEEKS DIVORCE AND CLAIMS PROPERTY.

Divorce proceedings were instituted by Attorney George E. Jackson this morning in behalf of Mrs. Jennie W. Morgan against her husband, Robert Morgan, the undertaker, at San Leandro. She alleges desertion as the grounds of her complaint and claims the undertaking business conducted by Morgan at San Leandro as her own private property. It is set forth that Robert Morgan deserted his wife in 1897. Mrs. Morgan is at present living in this city at Eleventh and Washington streets. She claims that the undertaking business at San Leandro was established with her money and that her husband is acting as her trustee. It is expected that Morgan, who is also Deputy Coroner, will oppose his wife's claims in this regard.

## MAY CONTEST ARNOTT'S WILL

Special letters of administration were granted this morning by Judge Greene to Isabella M. Arnott in the matter of the estate of James Arnott, who died June 14. This action is expected to bring on a contest between the children over the will of their father. It is stated that James Arnott, the son, will contest the will of his father and oppose the distribution of the estate to his sisters. The elder Arnott died at the advanced age of 74 years, and left all his personal property, consisting of stocks and bonds valued at \$20,000, to his four daughters, Isabella M., Mary W., Margaret B. Arnott, and Elizabeth M. Hendry, while to his son, James, he left his mining property of unknown value. It is stated that James is dissatisfied with the division and will claim that his father was unduly influenced by the girls in the making of his will.

## WALKIREZ HEARS FROM HIS MOTHER.

Murder Walkirez is still continuing on his starvation diet. Last night he took a piece of toast but it is expected that by the end of the week that he will have worked up an appetite for prison fare. He has rebelled against mush, beans and the boiled dinner given the prisoners. This morning Walkirez received a letter from his mother and sister who live in Little Valley, N. Y. They were prostrated over the news of his terrible crime and said that they were unable to advise what to do but to tell the truth.

## ORDINANCE IS FOUND INVALID.

BERKELEY, July 2.—The case of Guy Hyde Chick came up before Justice Edgar this morning. Chick was formerly manager of the Contra Costa Water Company and was arrested for laying two-inch pipes in West Berkeley. The Superior Court in Oakland declared the town ordinance unconstitutional. Chick's case was dismissed this morning which ends this incident.

## POLICE COURT CALENDAR.

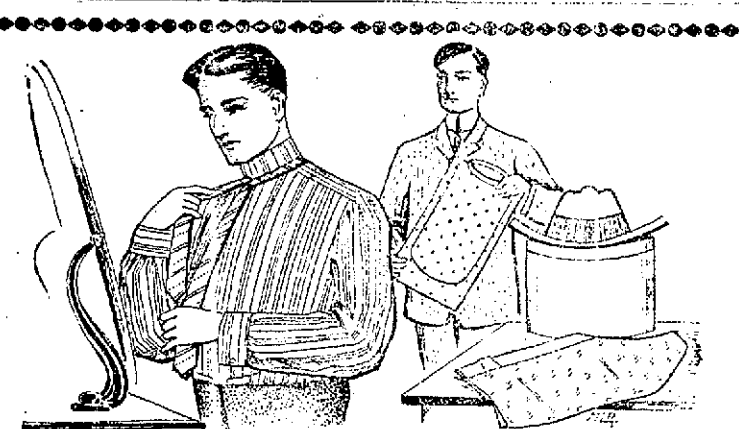

Police Court Calendar, July 2.—Fredrick Wagner, drunk, \$2 or 1 day; Geo. Kellogg, drunk, judgment suspended; Michael Gallagher, drunk, \$4 or 2 days; G. K. Porterfield, Karl Gabrielson, violating bicycle ordinance, bail forfeited; Art Sparman, assault with a deadly weapon, continued to July 6th for examination; M. J. Tierney, petit larceny, dismissed.

## NEWS GATHERED BEHIND THE WICKETS.

Prosperous Times are Reported by  
Many of the Local Lodges  
—Meetings Announced.

### ORDER OF FORESTERS.

The meeting last Tuesday evening of Court Oakland, No. 1287, Independent Order of Foresters, was one of more than ordinary interest, forty-seven members being in attendance, and while this is a pretty fair showing, the officers of the court would like to see the number increased. Twelve applications for membership were received and two new members initiated.

The Entertainment Committee has arranged for a stereopticon lecture and entertainment on Tuesday evening, July 14th, to be given by Brother L. E. Eshleman. Sixty-five views of the late Boer and English war in South Africa will be presented, interspersed with comic songs and recitations by Brothers Willard and Decker. The entertainment will be free to Foresters and their lady friends. Ice cream and cake will be served.

The regular whist tournament on Tuesday night, hosted by Brother J. W. Cobb, departed yesterday for a month's trip to Los Angeles and other points of interest in the Southland. Rumor has it that Brother Cobb will bring back with him one of Los Angeles' fair daughters, but this is strictly sub-rosa and not for publication.

At the next meeting of the various courts of the Independent Order of Foresters in Oakland and vicinity, delegates will be elected to the forthcoming session of the High Court of California to be held at Stockton in August. Court Oakland having so greatly increased its membership during the past year will be entitled to four delegates, and there is considerable rivalry going on among the members for the honor of representing the court on the occasion noted.

### CALANTHE TEMPLE, No. 6.

Calanthe Temple, Rathbone Sisters, tendered a pleasing surprise to P. C. Ella L. Wilson on Tuesday evening. Sister Wilson has devoted much time and effort in the instruction of the degree staff, besides personal supervision of the new robes and their construction.

In recognition of her services and for many years of efficient work in behalf of Calanthe Temple, Tuesday's affair was planned. The members of the degree staff were each presented with a pretty bouquet as they filed

out of the lodge room at the conclusion of initiatory rites, then Sister P. C. Nellie Bruce in a very eloquent speech paid tribute to Sister Wilson's work, and presented her with a pretty basket of silver fruit knives as a little testimonial from the temple members. Sister Wilson was so completely surprised that she was silent for some moments but soon regained her mental poise and responded very fittingly. After presentations, refreshments were served and Brother H. A. Holland dispensed lemonade.

Officers for the ensuing term will be installed by G. O. G. Isabel Bruce on Tuesday, July 7, and a little social time will complete the evening.

### FRATERNAL BROTHERHOOD.

Oakland Lodge No. 123 met in Woodmen Hall on Friday evening, June 26. Three members were initiated. The installation ceremonies were postponed until Friday evening, July 17. Supreme Vice-President, Mrs. Emma R. Neidig, will be present at that time. All are invited to visit the booth of the Fraternal Brotherhood at the Street Fair and Carnival.

### ODD FELLOWS.

On the evening of June 22 Fountain Lodge, No. 198, I. O. O. F., initiated one candidate. At the last meeting, June 29, it conferred the first degree, the work being well done. Many shining lights of the order were present, who by their eloquence and kindly remarks added much to the enjoyment of a pleasant session. Next Monday, July 6, the second degree will be conferred, which will insure good attendance, as every member of the lodge must be on hand.

### IMPROVED RED MEN.

The newly elected chiefs of Pawnee Tribe No. 67 will be installed this evening. A banquet will follow the installation. The Red Men are going to participate in the Fourth of July parade. All members are requested to be at the wigwag on Twelfth and Clay streets, not later than 9:15 a. m.

Yosemite Tribe of San Francisco adopted a class of over sixty pale-faces last Tuesday. The degrees were conferred by the terms of the following tribes: Adoption, Yosemite Tribe; Warrior's Degree, Altamont Tribe; Chief's Degree, Manitou Tribe.

Altamont Social Club, composed of members of Altamont Tribe, will give their annual family excursion and picnic to El Campo Sunday, July 12. Many valuable prizes will be distributed. Boating, fishing and dancing will be enjoyed.

The officers of Yosemite, Narra-Mattah and Laruka Councils will be installed in the Temple of Yosemite Council Monday, July 5. Corn and venison will follow the installation.

### KNIGHTS OF PYTHIAS.

At the last regular meeting of Brooklyn Lodge No. 85, K. of P., the following were elected to office for the ensuing term: F. N. Zschneiger, C. C.; L. O. Jacques, W. C.; V. D. Stuart, P.; H. J. Plicker, M. V.; J. A. Kenney, M. A.; Albert Schmidt, M. P.; H. H. Colby, M. E.; C. J. H. Luth, K. R. S.; Z. B. Howes, I. G.; N. P. West, O. G. Installation Monday evening, July 6. All brothers are cordially invited.

### YOUNG LADIES' INSTITUTE.

The regular meeting on June 25 of the Young Ladies' Institute No. 15, was well attended, owing to the large amount of business transacted. The nomination and election of officers was postponed until the meeting of July 9. Grand Directors Mrs. K. V. Doyle and Mrs. N. T. Fleming were present. The offer of the emblem of the order to the one bringing in the most members within the next six months seems to be working very well.

### A. O. U. W.

Ivy Lodge, No. 4, Degree of Honor of the A. O. U. W., held a very pleasant meeting at their rooms in Fraternity Hall last Wednesday evening. In spite of the many counter attractions,

there was a good attendance. The ladies are looking forward to a general good time next Wednesday evening, July 8, when they will give a whist party. The affair is under the direction of Mrs. Margaret Chloupek, chairman with Sister Louise Holmes, Anna Miller and Catharine Meyer assisting. Seven fine prizes have been contributed including a handsome jardiniere from Mrs. Holmes; a pair of gentlemen's cuff buttons, from Hurt Listner; a fancy white linen apron from Mrs. Meyer; a bottle of perfume from Mrs. Brook and Mrs. Chloupek and Mrs. Reichman will also contribute prizes. The tickets are twenty-five cents and include refreshments. Tickets are for sale by officers and members.

On Monday evening, July 13, Ivy Lodge, Degree of Honor of the A. O. U. W., will hold a joint installation in Fraternity Hall. It promises to be as large a success as the joint installation held by these lodges last January. A large number of prominent officers are expected to be present and make the occasion one of unusual interest. All members of these lodges are most earnestly and cordially invited to be present.

### UNITED WORKMEN.

The regular weekly meeting of Pacific Lodge, No. 7, A. O. U. W., takes place this evening in Fraternity Hall, 1055 Washington street, when there will be an initiation.

The A. O. U. W. booth at the carnival is quite an attraction to members of the order and strangers are welcome, as there is always something of interest going on. The committee in charge have worked hard and deserve great credit.

The lodges are now getting ready to install the officers for the ensuing term, which will keep the district busy on the move.

### LOYAL TEMPLE, No. 47.

Loyal Temple, No. 47, Rathbone Sisters, has arranged for the monthly whist tournament on Monday evening, July 5, at Forrester's Hall, Thirteenth and Clay streets. The committee has secured numerous skat players. After cards there will be dancing.

### GOOD TEMPLARS.

Oakland Lodge, No. 152, held an open session last Friday evening. Professor Crowhurst and his son, Elmer, furnished the program. For the first half hour Master Crowhurst recited several piano solos. Professor William Crowhurst then gave an interesting stereopticon lecture on Good Templary, which was much enjoyed. The pictures embraced scenes from the sessions of the Grand Lodge at Vallejo and Santa Monica, and also the session of the International Supreme Lodge at Stockholm last July.

The 1903 committee has arranged for a picnic at the Pacific Yacht Club grounds, at Sausalito, on the Fourth. Admission to the grounds, 25c. This is to help defray the cost of entertaining the Grand Lodge, which meets in San Francisco October 12-15. Good Templars and friends welcome.

### ALTAIR LODGE, No. 253.

Harbor Lodge, No. 254, I. O. O. F., held a regular session Wednesday evening, July 1. Considerable business was transacted. One application for membership was acted upon and applicant elected to become a member. Harbor Lodge is growing and will close the past six months term with 170 members. The session of Harbor, to be held Wednesday, July 8, the officers' report will be read. All who are interested are cordially invited to attend.

### FRUITVALE TEMPLARS.

El Capitan Lodge, No. 221, has moved into Market Hall, near the postoffice, where the last meeting was held and there was a good attendance of members and many visitors. The lodge will only meet twice a month for the present until a hall can be secured for every week. The meeting nights are the first and third Thursdays.

This evening there will be important business before the lodge and a full attendance is desired. The Grand Chief Templar, Theodore D. Kanous, will spend thirty days in this district and will commence his work with Myrtle Lodge in San Jose tomorrow evening, the 4th, and at Sausalito on the 5th. It will be a treat to hear him. An Old Soldiers' Good Templars' Lodge is to be organized in the near future by Deputy W. C. Southwick, to be composed of soldiers and their families, and it is expected that it will soon be the banner lodge of the State.

## WORK RESUMED.

SHIP CARPENTERS AT BOOLE'S  
ALL RETURN TO  
WORK.

The entire force of ship carpenters at Boole's shipyard is again at work, after a strike lasting about ten weeks. The conditions meet with satisfaction on both sides.

The men struck for a nine-hour day and wages of \$4 for eight hours' work on repairing Government vessels. The Booles would not comply with their demands.

About two months ago the strikers interested the Water Front Federation of San Francisco in their fight, but the Boles refused to deal with representatives of that organization, claiming that the matter should be settled with the Shipwrights' Union.

However, it was arranged to allow the San Francisco organization to handle the matter, with the result that the demands of the men have been granted. The terms of the agreement guarantee that no further demands will be made by the men for one year.

### BALLOON RACE FOR THE FOURTH OF JULY.

The excellent bill at Idora Park Theater this week is still drawing crowds. Kalaeratus, the wonderful juggler, juggler and hooproller, is being loudly applauded at his every appearance. Miss Annette, the little aerialist, is creating quite a sensation, while Elder and Solway, the society sketch artists, are making a decided hit in the amusement business. The Merrills, Charles and Mae, perform in a manner which gains for them the best of the entire season. Their songs, parodies and side play is intensely amusing.

Fourth of July will be the gayest day of the year at the park. Extra attractions have been secured, which cannot fail to please every visitor. In the evening an elaborate display of fireworks will be given, including designs new, novel and original.

On Sunday, July 6, there will be a balloon race at the park, which will be enjoyed by every one.

Friday night will be amateur night at the Idora Park. The price of admission to the theater are 10 and 20 cents. Idora Park is located on Telegraph avenue and Fifty-second street. Take Telegraph avenue or Shattuck avenue cars.

## ANSWER IT HONESTLY.

Are the Statements of Oakland Citizens More Reliable Than Those of Utter Strangers?

This is a vital question. It is fraught with interest to Oakland.

It permits of only one answer. It cannot be evaded or ignored. An Oakland citizen speaks here.

Repeat for the welfare of Oakland. A citizen's statement is reliable. An utter stranger's is doubtful.

Home proof is the best proof. J. J. Lawrence, member of 180 Seventh street, says: "Laziness and pain across the small of a miner's back totally prevents a man from performing work, and even when the backache is not so pronounced as to prevent working it certainly is an aggravating annoyance. When in Ecuador, South America, I first noticed that some of my kidneys were not performing their functions properly, and aching across the loins ensued. Since then other attacks have occurred, and I was suffering from one when I noticed Doan's Kidney Pills advertised in our Oakland papers and went to a drug store for a box. The first had not helped I never would have bought a second, and if the second had not brought great relief I never would have continued this treatment. You can say for me that Doan's Kidney Pills can be depended upon to do exactly as stated."

For sale by all dealers; price 50 cents. Foster-McClellan Co., Buffalo, N. Y., sole agents for the U. S.

SLIPS AWAY TO  
SAN JOSE TO  
WED.

UNKNOWN TO HER PARENTS  
MISS BRADSHAW MARRIES  
J. S. C. L. S.

Miss Odesa Bradshaw quietly slipped her trunk from the hands of her parents, Mr. and Mrs. E. Bradshaw, of 2157 Market street, Sunday night, and departed on the train for San Jose, where she was married to J. Stanley Olds, of the firm of Loop & Olds, brush manufacturers of St. Louis, Mo.

The family were soundly sleeping at the time of Miss Bradshaw's departure. On Monday morning every member of the household was aghast and troubled over the absence of their sister and daughter, no thought of elopement entering their minds.

Mrs. Bradshaw kept in this state of suspense until about 5 o'clock in the afternoon, when the telephone bell rang. She was called to the phone and was told by her daughter that she had been married in San Jose that afternoon. The mother was dumfounded and thought she had not heard right. She called her younger daughter, Miss Leona Bradshaw, to take the message, and then Mr. Olds himself came to the phone and announced that the apocryphal was Mrs. Bradshaw's son-in-law. The shock was so great to the mother that she could not reply to the message or speak a word for some time.

In speaking of the sister's marriage, Miss Leona Bradshaw said yesterday: "My sister met Mr. Olds about two years ago, when he came to this coast on business. It was a case of love at first sight and when he returned to St. Louis they kept their regard for each other alive by frequent correspondence. A short time ago he came again to this coast and being desperately in love with my sister he wanted the marriage to take place at once. My mother did not want them to get married so soon, but she finally consented that the ceremony could take place the latter part of July at our house, and we were naturally all delighted and were prepar-

ing the wedding trossseau and getting our bridesmaids' dresses ready when the news came that Mr. Olds had taken my sister off to San Jose and married her there, spurning all our plans. My mother is all broken up over the news and is almost prostrated."

The newly-made bride is a prepossessing blonde, tall and strikingly handsome. Her father is a mining man and is at present in the Tonopah district, Nevada. Young Mrs. Olds is very popular in this city and has hosts of friends. The bride and groom will spend several days in San Jose. Before going to the groom's home in St. Louis, where they will reside, they will return to Oakland and ask forgiveness.

### PIANO PUPILS.

The first rehearsal of the piano pupils of Mrs. E. W. Prentiss was given Thursday afternoon in her studio, at 1305 Madison street. Those taking part were the Misses Vera Campbell, Jennie Jordan, Mary Peck, Mattie Belle Andrews of Berkeley, Rose Stranch and Leona Prentiss. Those in the children's part were Minnie Krohn, Geta Rose, Sophia Herold and Truman Ingle.

Only the parents were permitted to be present, as these rehearsals are class exercises by which the students gain the practice and self-reliance necessary to play in public. Many difficult numbers, including solos, duets, quartets and eight hands were given. The pupils show remarkable progress for the short time they have been studying.

### WOULD ADMINISTER ESTATE.

Public Administrator George Gray filed his petition this morning to be appointed administrator of the estate of Mary Collin, who died on November 18th last. The estate is valued at \$2000 and consists of an improved piece of property at Twenty-second and West street and half a block of land in the Curtis and Williams' tract.

undertaking on the part of such successful bidder will be made a condition precedent

The successful bidder and his assigns must during the life of said franchise pay to the City of Oakland two per cent (2%) of the gross annual receipts of the person, partnership or corporation to whom the franchise is awarded, arising from its use, operation or possession. No percentage shall be paid for the first year (31 months) succeeding the date of the franchise but thereafter such percentage shall be payable annually; and in the event said payment is not made said franchise shall be forfeited.

The successful bidder for said franchise shall file a bond running to said City of Oakland with at least two good and sufficient sureties to be approved by said City Council, in the penal sum of \$5000.00, conditioned that said bidder shall well and truly observe, fulfill, and perform each and every term and condition of such franchise, and that in case of any breach of condition of such bond, the whole amount of the said penal sum therein named shall be taken out of the said bond, and the damages shall be recoverable from the principal and sureties upon said bond. The bond shall be filed with said City Council within five days after such franchise is awarded, and upon the filing and approval of such bond, the said franchise shall be said City Council, be and shall remain in force until the said bidder, his heirs, assigns, or corporation to whom it has been struck off, sold, or awarded, and in case that said bond shall not be so filed, the award of such franchise shall be set aside, and any money paid therefore shall be forfeited, and said franchise shall, in the discretion of said City Council, be sold to the highest bidder offered for sale in the same manner, and under the same restrictions, as hereinbefore provided:

**Notice.** It is hereby further given that said franchise will be granted upon the following terms, conditions and restrictions in addition to the terms, conditions and restrictions required or imposed by law, to wit:

**FIRST.**—The grantee or grantees of said franchise, his, its or their successors or assigns, shall have the right, franchise and privilege to use, occupy, maintain and operate said street railroad together with the right to carry passengers thereon for hire, for the term of forty (40) years; provided, however, that said franchise shall not be subject to termination by the grantee or grantees thereof, his, its or their successors or assigns, the right to carry freight for any person, partnership or corporation, over, along or upon the street railroad, shall be authorized thereby except such materials, tools, machinery and fuel as it may be necessary to transport over said street railroad for the construction, operation or maintenance of said railroad line of said grantee or grantees, his, its or their successors or assigns;

SECOND.—Subject to unavoidable delays and casualties, cars for the conveyance of passengers must be operated each day in each direction over the respective portions of said street railroad, as follows:

Over that portion of said street railroad on Talcott Avenue from the Eastern boundary line of said City of Oakland to the tracks of said Oakland Transit Consolidated on Twenty-third Avenue between the hours of seven (7) A. M. and seven (7) P. M. at intervals of not more than thirty (30) minutes; and between the hours of seven (7) P. M. and twelve (12) P. M. at intervals of not more than sixty (60) minutes; and

Over the remaining portion of said street railroad between the hours of seven (7) A. M. and seven (7) P. M. at intervals of not more than twenty (20) minutes, and between the hours of seven (7) P. M. and twelve (12) P. M. at intervals of not more than thirty (30) minutes;

THIRD.—All street work required by law to be done by the grantee or grantees of said franchise, his, its or their successors or assigns, must be done with the same kind of material at the same time and in the same manner as the remainder in width of the aforesaid streets:

**FOURTH**.—All trolley poles used in the construction of said street railroad must be located on the sidewalks immediately adjoining the curb and must be of iron and of the usual standard type, and of the proper material and of the proper size for the intended purpose, and the hanging arms shall be used; and the said poles and all wires used in connection with the exercise of the said franchise must be of sufficient height and elevation above the ground to avoid obstruction to the ordinary use of the streets. No poles shall be constructed or erected to the satisfaction of the Board of Public Works of the said City of Oakland;

FIFTH.—Work to construct said street railroad must be commenced within not more than ten (10) days from the date when the ordinance granting said franchise shall go into effect, and said work must be completed within thirty (30) days, and said street railroad must be operated within one year from the date when said ordinance shall go into effect, unless the time be extended by said City Council.

By order of the City Council of the City of Oakland, Cal., A. D. 1905.

**NOTICE OF STREET WORK.**  
Notice is hereby given that on the 16th day of June, A. D. 1953, the City Council of the City of Oakland passed Resolution No. 1087, which reads as follows:

That Eighth Street, in said City, from the sewer in Harrison Street to the sewer in Webster Street, be sewer-  
ed with an eight-inch, salt-glazed, vitrified  
ironstone pipe sewer; also that two  
brick manholes be constructed, one  
with an inside diameter at top of two  
(2) feet, and at bottom of four (4) feet  
be constructed, one at each end of  
proposed sewer; also that twenty-four  
(24) salt-glazed, vitrified ironstone "Y"  
branches, with six-inch openings, be  
constructed, thereon, as to provide  
for a branch for every twenty-five  
(25) feet of property fronting on said  
proposed sewer. Said sewer will be  
laid in the center of Eighth Street, with  
its bottom, inside, at a point two (2)  
feet westerly from the center line of  
Harrison Street, and an inside diameter  
of seven (7) feet, and with a uniform  
grade ascending westerly at the  
rate of seven (7) feet in one thousand  
(1000) feet.

For further particulars, reference is  
hereby made to said resolution on file in  
the office of the City Clerk of the City  
of Oakland. The notice shall be pub-  
lished for six days in the Oakland Trib-  
une, being the newspaper designated by  
said City Council for such publication.

Oakland, June 29th, 1903.

## IF CHILD CANNOT ADD MOTORMAN SAVES CHEMIST ARRIVES GRADUATE TAKES NEW BANK BUILDING FOR BLAME THE TEACHER LIVES. FROM EAST. BRIDE. WEST BERKELEY, CALIF.

### Only Forty-five Combinations to be Mastered—Subtraction is Same Operation.

BERKELEY, July 2.—If a child makes a mistake in addition it is the fault of the teacher, according to the statement made by Superintendent McClymonds of Oakland in a lecture to the summer school students. "There are only forty-five combinations in the entire scheme of addition, nine plus nine, nine plus eight and so on; eight plus eight, eight plus seven and so on, until all of the combinations are exhausted. Each child will have some particular stumbling block. The combination that gives the most bother is nine plus seven. The only way to make them master this is to let them add column after column in which the combination occurs. A child should not be allowed to go over a column alone to find his mistake. He should go over it orally so that the teacher can determine what combination he is weak on. In this way the forty-five combinations can be mastered and the child taught to add rapidly and accurately. If he is allowed to make mistakes it is the teacher's fault.

When addition is mastered the fight is well on the way toward victory. For subtraction is only a form of addition and multiplication grows naturally out of it. As soon as a child masters the five plus two combination, teach him the subtraction problem of the same combination. He will find that it is a new operation for it is not. Do not ask him to take two from five. The old definition was—difference the number which taken from five leaves two. The new definition is—difference is the number which added to two gives five. It is a process of addition. And in numbers of two or more digits the same process is applied. In this way the child is led naturally from addition to subtraction.

It is the same with multiplication. Make the child add a column of fives, or threes. He will soon see that the process is too long and will be ready to learn your shorter method of the multiplication table.

### RUNAWAY MIGHT HAVE KILLED CHILDREN BUT FOR HIS PROMPT ACTION.

BERKELEY, July 2.—But for the prompt action of a motorman, three children, riding on an electric car, would have been seriously, if not fatally, hurt by a runaway yesterday. As the West Berkeley car of the Oakland Transit Company, was coming up University avenue in charge of Motorman W. A. Edwards, a maddened horse drawing a cart in which were two men, dashed down the avenue. On the front of the car were three children of Mrs. D. Wulbert. Owing to the narrowness of the street an accident was inevitable.

Realizing the danger that the children were in, Motorman Edwards, after reversing his motor, picked them up and carried them into the car. One of the shafts pierced the front window. Had the children been there, one of them at least would have been struck in the head, and all would have been out by the shattered glass.

The men on the cart escaped serious injury. One of them fell in front of the vehicle, one of the wheels of which passed over his neck. For a few moments he was unconscious, but later drove off with his companion. Both men refused to give their names.

This runaway started a team of the University Express, which was standing near the curb filled with furniture. The express team ran for several blocks, scattering furniture on the way, until they landed up against an iron pole. The wagon was badly damaged.

**DATE FOR CLOSING GROUNDS IS CHANGED.**

BERKELEY, July 2.—The date for closing the grounds of the University of California in order to retain title to the rights and drives has been changed to Monday and Tuesday, July 6th and 7th.

Judge Edward B. Thomas of the United States Circuit Court claims to have a friend who is the worst horseback rider he ever knew. On a recent occasion an agent for a photograph company dropped into the friend's office and inquired if he had a talking machine at home. "Yes," was the reply. "And may I see it?" the company man inquired. "I will show you," the friend said. "I will show you," the friend said. "I will show you," the friend said.

### HAVE CHARGE OF WORK CONNECTED WITH LAW OF FERTILIZERS.

BERKELEY, July 2.—The new fertilizer law went into effect yesterday and under upon his duties in connection with it. George L. Jones, the Eastern chemist, recently appointed to take charge of the work, arrived at the University of California.

The new addition to the staff of agricultural experts now connected with the agricultural experiment station is a young man who has done good work during the last few years, when he held a similar post at the United States Agricultural Experiment Station at Lexington, Ky. Kentucky is noted as having a very effective fertilizer law, which has been in operation for a long while. Roberts was connected with the laboratory and executive branches of the work, and, by first-class work, aided materially in placing the operation of the law on a firm basis.

The act, which was passed by the last Legislature after an agitation extending over a period of nearly ten years, is intended to regulate the sale of commercial fertilizers or materials used for manurial purposes, the object being to provide purchasers with all the information concerning the various brands which may be presented, in order that they may be able to make intelligent and safe selections of the materials desired. In many of the Eastern States such laws have corrected great abuses and have proved of incalculable benefit to the farmers who previously were at the mercy of unscrupulous manufacturers and agents. Whether any radical changes will result in this State from the enforcement of the law the University authorities are not prepared to say. They see that the demand for fertilizers in the market garden and fruit-raising districts will make California one of the greatest fertilizer-using localities, and they are anxious that the industry be thoroughly protected.

**MRS. DANA DEAD.**

NEW YORK, July 2.—Mrs. Charles A. Dana, widow of the well-known editor, is dead at her home in this city, from injuries and shock received several days ago when she fell down a flight of stairs.

Mrs. Dana, who was 78 years of age, failed to rally from the effects of her fall, and despite excellent medical treatment and nursing lost strength daily.

The accident occurred Monday at the home of her friend, Mrs. John Seckin, and she was thought at the time that her injuries were slight.

### WEDDING OF INTEREST TO COLLEGE AND TOWN SOCIETY.

BERKELEY, June 2.—The wedding of Miss Maude Estelle Sherry and Henry Ernest Franks was solemnized last night at the home of Mrs. Fisher, 2250 Fulton street, where the bride has made her home for some time. The ceremony was performed by Rev. E. W. Work, pastor of the First Presbyterian Church.

Miss Bird Sherry, a sister of the bride, acted as maid of honor, while the bridesmaids were Misses Lhoux and Pullen, students in the university. A class mate and college chum of the groom, W. H. Popert, acted as best man. It was a very quiet wedding, only the most intimate friends and relatives of the contracting parties being present.

After the ceremony, which took place in the parlor prettily decorated in pink and green, a wedding supper was served. Both Mr. and Mrs. Franks are well known in both university and town circles. The bride is a Sacramento girl. Mr. Franks was graduated with the class of '02. At present he is engaged as a government engineer, located in Nevada.

**WILL NOT SEW ON ASCENSION DAY.**

Sewing was practically suspended in Eureka, Pa., on Thursday, because of an old superstition that she who plies a needle on Ascension day is in danger of being struck by lightning. Many of the shirt factories in the city worked short-handed and some were compelled to shut down because of this superstition. Tailors found it impossible to keep women garment workers at work, and so did dressmakers. A bolt of lightning would have had to come from a clear sky, as the sunshine shined brightly. There is no record of a death by lightning on Ascension day, yet the women in this section of the State firmly adhere to the ancient superstition.—Baltimore Sun.

At Odessa, Missouri, Sheriff Hamm and Deputy Sheriff Bacon are rivals for the hand of Miss Fry. Bets are even as to which will land in the matrimonial skillet.—Denver Post.

Russia, after going to the trouble of subsidizing Kink Alexander and his ministers, is naturally indignant at the turn which politics in Belgrade has taken.

### Union Savings Bank of Oakland Looking for Site for Brick or Stone Structure.

BERKELEY, July 2.—In recognition of the importance that West Berkeley is assuming as a business center the Union Savings Bank of Oakland is laying plans to start a bank in that section of the city. As soon as a desirable site can be procured a handsome brick or stone building is to be erected somewhere in the west end. No statement has been made as to the exact location of the bank building except that it is to be so situated as to be near the rapidly increasing business at the lower end of town.

West Berkeley is coming to the front rapidly. The railroad activities that have made a stir all over town have awakened business men to the value of the west end as a shipping and business center. Its facilities have been recognized by the Union Savings Bank and a handsome building will be the result.

**PERSONAL AND SOCIAL.**

BERKELEY, July 2.—Professor Wells of the English department of the University of California spent his summer vacation in Yosemite.

Miss Carrie F. Williams of San Jose is attending summer school and is a guest of North Gate.

J. W. Richards has returned from a short stay at St. Helena, where he went for the benefit of his health.

J. W. Plauet and wife of 1024 Addison street returned last evening from a two-weeks' outing at Guerneville, Cal.

Miss A. M. Hicks, accompanied by her niece, Mrs. L. A. Hicks, left today for Pacific Grove, where they will spend about six weeks.

Mrs. Agnes McCabe and her daughter and granddaughter, Miss Elizabeth McCabe and Miss Ada McCabe, have returned from a three-weeks' outing at Capitola, Santa Cruz and other Southern California watering places.

**COURT HAYWARDS F. AND A. M. WILL PARTICIPATE IN CELEBRATION.**

HAYWARDS, July 2.—Court Haywards, F. and A. M., are planning on something big in the way of a float to spring the Fourth of July celebration in Oakland. The chairman of the committee having the matter in charge, James McCoo, is keeping the exact size and nature of the float very quiet, but it is learned that it will be something that will attract much attention and that will be a credit to the order.

The members will attend the celebration in a body, marching in the Firesters' division of the parade.

Jessie H. Woods will be one of the aids to Grand Marshal Ayer.

**HELP FOR SUFFERERS.**

The Woodmen of the World, A. C. U. W., and Women of Woodcraft are endeavoring to collect funds for the sufferers of the Poppley, Oregon flood. Appealing letters to the various stores have been sent out by the officers of the above orders and much financial aid is looked for. Ten dollars was donated at a recent meeting of the Haywards Lodge of Workmen.

**POPULAR YOUNG COUPLE OF FRUITVALE UNITED IN MARRIAGE.**

FRUITVALE, July 2.—The marriage of Miss Pearl Hoover and Thomas Powers was solemnized last evening at the home of the bride's parents, Mr. and Mrs. Andrew Hoover, 3310 Purnam street. The ceremony was performed at 8 o'clock by Rev. H. B. Mobray, of the Fruitvale Congregational Chapel. The bride was attended by Miss May Haslip, of San Francisco, George Rynvoort, of Melrose, was the best man. The bride was beautifully adorned in white muslin de sole over white taffeta, and carried a bouquet of white carnations. Miss Haslip's dress was of white muslin de sole. She carried a bouquet of pink carnations. After the ceremony the guests, to the number of 25, sat down to an elaborate wedding feast.

The happy couple left on the late train to spend a brief honeymoon in the southern part of the State. On their return they will reside in East Oakland, where the groom is employed by the Oakland Transit Company.

**NEW BUSINESS BLOCK.**

A large two-story business block is being erected in the vacant lot on the east side of Fruitvale avenue, between East Fourteenth and Washington streets. The building will be 50 feet front. The lower story is for stores, and the second floor will be arranged for offices and apartments. Dr. Hall of Oakland is the owner of the block.

**POSTOFFICE HOURS ON JULY 4.**

Postmaster George E. Lund has announced that the Fruitvale postoffice will be open three hours on the Fourth of July, from 7:30 to 9:30 in the morning and 4 to 5 in the afternoon.

**MONEY ORDER OFFICE.**

Yesterday the new postoffice at Alameda began to issue money orders. An endeavor was made to make the postoffice a money order office when it first started last April, but the postal authorities at Washington would not grant the request until July 1.

**PERSONAL.**

Miss Elsie Coran Kearns of Martinville, West Virginia, is the guest of her sister, Mrs. Thomas Stansbury, of Maybole avenue.

Miss Grace T. Taylor, of Hopkins street, leaves shortly to spend two months in Palo Alto.

Raymond Fowler, of San Francisco, is visiting his grandmother, Mrs. W. M. Linderman, of Prospect avenue.

When a man meets his wife in a railroad station he never knows whether to kiss her before all the people or to pretend that he is just a friend of the family.—New York Press.

**SAN LEANDRO, JULY 2.—The new Lake Chabot road will soon be completed. The work is being pushed along very rapidly, and the big steam shovel is making headway faster than forty extra men could do. The road will be the pride of the county when completed. Beside being a great convenience to the ranchers in that section who trade in San Leandro and Hayward, it will be a splendid road for pleasure riding; hard, smooth, and situated so that a fine view of the lake and the surrounding hills may be had from it along its entire length.**

**The opening of the road will be due to the zeal and energy of Supervisor Talcott. He has long cherished the plan of extending the present lake road to Haywards. The thoroughfare will pass the proposed race track, now being talked of in Hayward and San Leandro.**

**MACABEES WANT TO COME.**

C. H. Irving, deputy commander of the Knights of Macabees, has been here for some time in an endeavor to organize a San Leandro tent. His work of enrolling prospective members has progressed so well that there is now little doubt but what the town will soon have a most flourishing chapter of the order.

The remarkable success of the recently established tent at Hayward encourages the men here who have a taste for fraternal orders to heartily support Mr. Irving in his work of establishing the lodge in this place.

**MEDICINE SHOW GONE.**

The Brother Benjamin Medicine show, which has been here for several weeks, has gone. The people of San Leandro were not disposed to be sick often enough to meet the desire of the manager.

**PERSONALS.**

Miss Anna Leal, of Livermore, who has been visiting her aunt, Mrs. A. Lucio, has returned to her home.

Miss Beulah Roberts, of Hayward avenue, is visiting the family of her brother, Manuel Roberts, of San Francisco.

Miss Loretta Gannon has returned from a visit in Mendocino county.

Mrs. W. G. Burnett, of Callen avenue, is very ill.

Town Marshal Michael Gelsenhofer was a visitor at the Oakland Carnival yesterday.

Attorney John Frank, of San Lorenzo avenue, spent yesterday in Oakland and San Francisco.

Weston Truesdale was in Fruitvale yesterday on business.

Surely a city which paid \$75,000 for a useless Gamewell system cannot object to allowing the claim of the Third regiment for \$9,000 for doing efficient police duty during the great crisis.

**ELMHURST MASE MEETING DECIDED TO RAISE MONEY BY SPECIAL TAX.**

ELMHURST, July 2.—The School Trustees will meet Monday evening to discuss the proposed addition to the Jones avenue grammar school. The addition will cost between \$5,000 and \$6,000. It will contain two school rooms and a large assembly hall. The addition will be as large as the present structure and will thus double its capacity of the school.

At a mass meeting held Tuesday evening the voters decided to raise the money necessary to build the addition, by a special tax. The assessment will amount to about 55 cents on \$100 valuation.

The trustees will call an election some time during the month and submit the question to the vote of the people.

**GOING A BROAD.**

Peter Laing, the local agent for the San Francisco morning papers, has sold his business to M. B. Templeton, of Hayward. Mr. Laing intends to return to Europe in a few days.

**SERIOUS RUNAWAY AVERTED.**

What might have been a fatal accident was narrowly averted yesterday afternoon by Frank Williams, of the Hopkins and Batesford grocers. John Williams, of San Leandro, was driving along Fourteenth street, with a exceedingly large load of household goods. When in front of Myers' grocery, the horses became unmanageable and started to run away. Several bystanders endeavored to stop them, but the animal danced around so much that no one could approach them. Finally, just as the driver's strength was giving out, Mr. Williams managed to catch the most fractious of the steeds, and hold it by the nose until the team was unharnessed. If the horses had got away the driver would probably have fallen from the wagon and been badly injured, as he was prodded so high that he could not climb down. As it was, the load nearly tipped off his wagon.

**PERSONAL.**

J. E. Valentine, of the local Oakland Transit shops, is spending a few days in Piedmont.

Trustee Harry B. Aultet has nearly recovered from the effects of an ulcerated sore on his foot. He was able to resume his duties as conductor on the electric line today.

The Pullman Palace Car Company will win the gratitude of every prospective bridegroom in the land if it succeeds in restraining the bilious and misbegotten friends who mutilate its cars that carry bridal tourists.

Edward T. Devine, an expert sent from New York to investigate the flood, says Armourdale is in a more pitiable condition than either San Joaquin or Galveston were. The Armourdale refugees may be glad to have their impressions of the matter confirmed.

**EMERYVILLE TRUSTEES MAY PASS LAW LIMITING SPEED OF AUTOMOBILES.**

EMERYVILLE, July 2.—There is trouble brewing for those automobilists who are trying to make a speed record on the streets of this up-to-date town. It is getting very dangerous to even be safe along San Pablo avenue, especially. There is a beautiful straightway of four miles here, which was not built for racing purposes, although it is claimed that some people are using it as such to the great danger of life and limb of the everyday resident. Agitation is being begun looking to the adoption of a speed ordinance by the Town Trustees, and if the present temper prevails on this subject arrests are sure to follow.

**LICENSE TAX DUE.**

Marshal Lane is busy rounding up those who have not yet called at the captain's office and squared their license account for the term beginning July 1st.

**VISITING HIS FATHER.**

Henry Siebe, druggist of Sutter Creek, and formerly a resident of Emeryville, is spending his vacation with his father, Ludwig Siebe.

**GOING TO DENVER.**

Joseph Corrigan, who has been the efficient second baseman for the Pop Rose baseball nine, will shortly leave for Denver, Colo., to act as agent for Doc Jones racing stable.

**POLES MUST BE MOVED.**

Measurements show, it is claimed, that the poles on Adeline street which carry the power and lighting wires, are about eighteen feet outside of the sidewalk line. This will necessitate their being taken up and reset.

**ON THE NEW LINE.**

Workmen are preparing the bottom of the subway for the laying of the floor, and this work will be commenced today, and when completed will have a smooth sidewalk finish.

The subway retaining walls will have a thickness of eight feet at the bottom and five at the top for quite a distance in the center.

The machinery is being rapidly put into position in the power-house.

Poles for carrying the trolley wire have been set in position on each side of the subway as far west as the S. P. Co.'s tracks.

**A LITTLE CLEANING NEEDED.**

The curb line of several of the streets are overgrown with grass and weeds and property owners are urged to put them in presentable condition by a judicious use of the lawn-mower and sickle.

And, too, there are a few places on the street sides that appear to have been set aside as dumping grounds for old cans and a general assortment of rubbish. This does not improve the appearance of this town as it is being raised, and when completed will be beginning looking to a general clean up of both highways and byways.

**MANY OF THE RESIDENTS HAVE GONE TO COUNTRY TO CAMP.**

GOLDEN GATE, July 2.—So many of the residents of this charming little suburb have taken advantage of the beautiful weather and the vacation season to hie themselves to points in the interior that the usual pervading bustle is sadly wanting, and a Sabbath-day calm is affecting the business interests as well as the usual social functions.

**GONE TO POINT REYES.**

Mrs. Juillerat and three daughters, of Sixty-first street, have gone camping at Point Reyes. They expect to be absent a month or so.

**WILL CAMP AT GUERNEVILLE.**

Mr. and Mrs. A. C. Farman leave today for Guerneville, where they will go into camp for a couple of weeks.

**FUNERAL SERVICES HELD.**

Funeral services were conducted Wednesday afternoon at the late residence of Mr. F. Pendleton, who died here Monday morning. There was a large attendance of the many friends of the family. At the conclusion of the service the remains were conveyed to the crematory for incineration.

**MARRIAGE LICENSES.**

The following marriage licenses were issued today:

Charles Siegenthaler, San Francisco, 33 George T. Le Fournier, Oakland, 22 Matilda C. Dohrmann, Oakland, 22 Parodi Giacomo, San Francisco, 25 Rosie Lagomarsino, San Francisco, 21 Clarence J. **NEWARK, JULY 2.—The Ladies' Aid Society of Newark contemplates giving a literary, musical and social entertainment on the 10th of this month, which will no doubt be a pleasant affair and to which all are cordially invited.**

**PERSONAL MENTION.**

Miss Louise Douglas, the late principal of the Newark public school, was in town on Monday and Tuesday of this week.

Mr. McQuade is employed in San Francisco, and Mrs. McQuade went to the city to visit him Saturday, returning Sunday night.

Mr. and Mrs. William Smith of Alameda, their little daughter and their twin sons, were the guests of Mr. and Mrs. Thomas Kirby on Sunday last.

Hazel Dugan is spending her vacation at the family home in Newark.

Mrs. Moser is expected home from her trip to Honolulu some time during this month.

Miss Florence Graham has returned from her summer vacation and says she is glad to get home.

Mr. and Mrs. Fox have been the guest of his little friend, Harry Fox, during the past month, but will return to his home in San Francisco before the Fourth.

Neil Kirby visited friends in Alameda last week and returned Saturday. Will Dugan took a few days holiday in Oakland and San Francisco last week, returning Monday night.
